GOOD WINTER HOME

Charley Shaplish, or Whirlwind, the well known Umatilla scout and friend of the whites during all the Indian wars, has just completed a new four room dwelling on his allotment at Thorn Hollow. Charley is past 80 years of age and has always lived in a tepee until now. The house is complete in every detail, being painted, papered and modern in every way and costs him \$700. He takes particular pride in the fact that he has screened doors and that the roof is painted. In summer his wife, who is now 67 will live in the tepee nearby, but in winter will occupy the new house.—Pendleton East Oregonian.

Contest Case Today

The land office is being occupied today by a contest case in which Lee W. Roberts of Walla Walla is contestee and John E. Luss is contestant. The land under contest is situated up the Walla Walla river from Milton near the Northwestern Gas & Electric company's power house. The land was originally taken up by Eleazer Roberts, deceased, and Lee W. Roberts took the claim as an heir. The grounds for the contest are that the contestee has never established residence thereon or made the required improvements. E. W. Bartlett appears for Roberts.

Honor Mrs Duniway

The women of Oregon are preparing to make Abigail Scott Duniway day (Friday October 6) the women's day at the Lewis and Clark exposition. This day is set apart in honor of all pioneers who have helped to build the state, and the women intend to make it their day as a token of their regard for Mrs Duniway, who is not only a pioneer of Oregon, but also equal sufferer.

Largest On Record

(Scripps News Association) Port Said, Egypt, Sept 23—Eighty tons of dynamite were put in the sunken steamer Chatham, which has been blocking the Suez canal, and was exploded Thursday. It was the biggest explosion on record.

It has been more or less freely commented upon that the Portland fair has drained all of the interior counties of the state of thousands of dollars since June. While this may be true we do not believe that there is a business man in this city but what has done a larger volume of business during the present September than they did during September 1904.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lamberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "but a fearful gasp over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and scalds too. Only 25c at Newlin Drug Co. drug store.

Exhibit Hall Open

The curtains of exhibit hall are again drawn during the period of the arrival and departure of trains, and the shelves are quite well represented with the products of our valley and county. A little later there will be a much larger display but as it is, it is quite creditable and is a decided improvement over the closed shop policy of the past few weeks. The exhibit hall is capable of doing this county a great deal of good, and farmers and growers could greatly assist this undertaking if they would save a sample of their best products and bring them in for exhibit purposes.

The corn on exhibition was grown across the river on L. Oldenberg's farm. An Illinois man who was viewing it this morning while the train was changing engines remarked that that reminded him of home.

PRIZE FIGHTING CRIMINAL

So Says Kid McCoy Who Renounces It Forever.

Scripps News Association. New York Sept 26—Kid McCoy today renounced prize fighting forever and is said to have declared, "It is a crime not only against men who so forget their manhood to slug each other but high treason against the citizenship of our country and legislators who frame the laws prohibiting it. I will not only not fight again but do all I can to make universal laws against it and enforce them." He is willing to talk to any Y. M. C. A. along these lines.

Mrs Tape Dead

Sumpter, Sept 25—From a letter received today from Dr. G. W. Tape, manager of the Arrowhead, Cal., it is learned here that Mrs. Tape, his wife, died there last week, shortly after an operation for appendicitis. Dr. and Mrs. Tape were well known here, he having been Sumpter's first physician, and later associated with Dr. C. M. Pearce, located here at the present time.

Dr. Tape also was in charge of the Hot Lake sanatorium and was equally well known here.

Prune Crop

The prune growers of the Cove are in the midst of their harvest. Most of the growers have contracted the output of their orchards for a period of five years to the people who recently purchased the Union dryer.

It was their intention to build a dryer in the Cove this season but owing to the short crop have deferred building until next year. The growers will receive \$10 per ton at the Cove, which is said to be a profitable price in ordinary seasons.
