

### MONEY SAVING PAINT

Money saving in painting doesn't mean the use of cheap-by-the-gallon paint. It means the use of first-quality paint—paint that will cover most surface to the gallon, that will spread easy and save the painters' time, that will wear well and put off for the longest time the need for re-painting.

### THE SHERWIN-WILLIAMS PAINT

It is a money saving paint. It covers most surface to the gallon because it is ground exceptionally fine and is thoroughly mixed. For the same reason, it spreads easiest and saves the painters' time.

It wears longest because it is made from the best materials, so thoroughly combined that they become inseparable, and hold together on the building for the longest time. When you buy The Sherwin-Williams Paint you buy economy. We sell it. Color cards free.

## LA GRANDE PUBLIC SCHOOL

Don Scott is the newly elected football captain.

Miss Mitchell, of the White School, enrolls the largest number, nearly 60, in all.

Mr. Williams, of the High School, is conducting a class in the study of Tennyson's "Princess."

Principal E M Snider, of the White School, has installed a system of electric bells in his building.

Miss Nellie Young will close her high school work next week, to take up the work of teaching beyond Elgin.

Mrs. Neill, of the North Side School, reports that her enrollment now numbers more than 50 little tots from that section of the city.

At an election held Monday evening the basket ball girls chose as captain Miss Hattie McMurray, and as treasurer, Miss Bonnie Forrest.

Miss Rohan and her school have added an organ to the equipment of their room, rented, we understand, from the postmaster, Mr. Riobey.

The school authorities of Pendleton and Baker City have communicated with our High School, asking for dates in both football and basket ball games.

By action of the City School Board, all the public schools of the city will dismiss at 2:30 p m on the last Friday of each school month to meet for professional culture.

County Superintendent E E Bragg met the city teachers one evening last week, and besides bestowing his genial smile upon them, gave some timely suggestions with reference to uniformity in the keeping of records.

Our High School basket ball girls have leased the Armory Hall for the games and expect to entertain the public with a series of interesting games, including contests with Pendleton, Baker City, Union and a local city team.

Anyone discovering children loitering on the streets on the way home from school, or during school hours will confer a favor upon the school management by calling up the High School by phone, out of school hours, and reporting names of such children.

The superintendent is highly indebted to Secretary A C Williams of the City School Board for a complete, hand written copy of the school census, containing the name of every child in this city, its age and name of parent or guardian. There are nearly 1400 names, all alphabetically arranged. This is, indeed, a valuable list, and evidences the careful and painstaking work which characterizes the above mentioned school officer.

Parents will please remember that no children are permitted to linger in or about the school premises for purposes other than study without the written consent of parent or guardian. The superintendent is much pleased at the prompt responses parents have made to his request to furnish written permits for those who wish to remain for athletics. It is intended that no child shall take part in athletics without the full consent of the parent.

The monthly report cards to parents will be sent out promptly at the close of the month. Parents are asked to examine these critically and endeavor to see that the child is laboring to his fullest capacity. Children should not be permitted for a single moment to harbor the thought that school is an easy place, but should be impressed constantly with the fact that it is, on the contrary, the place for hard work. If it were thus, it would defeat the very aim of its existence, namely, training.

In order to participate in athletics, students of the High School will be required to attain a certain class standing, before doing so. If enough students cannot be found with the required grades, to carry on the athletics, then the athletics will be abandoned. This applies to both basket ball and foot ball. The superintendent will be grateful if parents who have furnished written permits to enter athletics will watch closely standings of children and see that study is made the principal thing.

### Creameries Busy

The La Grande Creamery is manufacturing on an average of 250 pounds a day and the Pendleton institution from 100 to 150 pounds daily. This is extremely good considering the fact that just now is the time when the cream business is in the low ebb. With the fall rains that have commenced the amount of cream will be increased until winter comes.
