Special accommodation for commercial men.

Best service guaranteed

Horses boarded by day, week or month.

Rigs furnished for parties, funerals and picnics. The best carryall in the city.

## BUSY SESSION OF CITY COUNCIL

The city council held an adjourned meeting last night and finished up the business that was left over from the last meeting.

The street committee accepted the report of the grade established by N A Pickler on Sixth street between N and L streets, which has given the committee no end of trouble for many months.

The council directed that notice of the proposed grade be published in order that the interested parties have due notice.

The ordinance petitioned for by Mrs Sommer to prevent wagons from injuring cement walks was carried over to the next meeting.

An ordinance was passed authorizing a seven foot side walk instead of a twelve foot walk on the east side of Fifth from P to Depot street.

The committee appointed to investigate the suggestion of irregularities in the office of Engineer Siets, reported that they had made quite an extensive investigation and that the evidence was conflicting. That they had asked for his resignation which they handed the council as a part of their report.

Mr Seitz, who was present, after securing permission to address the council, asked for a complete exoneration of the charges of bribery, that if the council saw fit to discharge him for incompetency he wouldn't object, as

that would be simply a question of opinion, but in so much as he had not been permitted to meet with the committee as a whole he had had no opportunity to offer his side of the question. After a few remarks the matter was passed and no further action was taken beyond the filing of the report of the committee.

The question of purchasing the land of Mr Folk upon which the springs are situated that the city is developing was freely discussed and at the regular meeting in October which will be on the 4th, the matter will doubtless come to some definite conclusion. A tunnel is now being run into the mountain, which is now in about 15 feet and by the next meeting it is expected to be in about 15 feet more. The formation that they are going through now is a clay, and the next formation as ascertained by boring with an auger will be a gravel bed and an increased flow of water is expected to be found when this is reached.

However the council is convinced that the present flow of the springs is sufficient to furnish the city about double the present needs for eight months in the year.

Several bills were audited and quite a number of minor city affairs were considered with reference to sidewalks and street grades.

### Concert Last Night

The Presbyterian church was comfortably filled last night with an appreciative audience to listen to the recital given by the chorus which has been under the direction and training of Mr Frank Bridges, and to the concert given by Mr and Mrs Bridge and Mr and Mrs Forman after the recital.

The audience marveled at the progress made by the class, and especially at the ready singing by note of the smaller members. The exercises given showed the skill and ability of Mr Bridges as a musical instructor and director.

The concert given by the Bridges company was of the highest order. Their chorus singing is especially fine and their imitable readings, both humorous and pathetic, found a responsive chord in every one in the audience.

Mr Bridges reading of "Good-bye Jim" was especially fine, the expression and rendition of which was excellent. His humorous reading of "Mr Middler's Rheumatic Cure," was on the same high order. Mrs Bridges deserves special mention for her readings, and Mr and Mrs Forman as singers received hearty applause.

When the Bridges company returns in January they will find a large circle of friends and admirers to welcome them back.

### MR BRYAN TO MR ROOSEVELT

W J Bryan has written a letter to President Roosevelt, which was made public. He says, in part:

"To President Roosevelt: Permit a parting word. You have the contest of your life before you and I desire to render you all the assistance in my power. You have asked congress to enact a law so enlarging the powers of the interstate commerce commission as to permit it to fix and enforce freight rates. The railroad magnates expect to block the passage of the bill again.

"Stand by your guns. You have developed a reform element in the republican party; you must lead it or suffer the humiliation of seeing the leadership pass to some one else.

"Go forward. You owe it to yourself and more than all you owe it to your country.

W J BRYAN."

Why suffer with headache, constipation, stomach, kidney and liver troubles, when Hollister's Rocky Mountain Tea will cure you? No money wanted unless you are cured. 35 cents, Tea or Tablets, Newlin Drug Co.

Hollister's Rocky Mountain Tea never fails to tone the stomach, regulate the kidneys, stimulate the liver and cleanse the blood. A great tonic and muscle producing remedy. 35 cents, Tea or Tablets. Newlin Drug Co.

### Sagebrush Perfume

The much despised sagebrush may be a blessing in disguise and Idaho may be one of the wealthiest states in the west. If the discovery of a Baker City, Ore., man is found to be feasible, N E Imhaus of Baker, a French scientist who is in Oregon as manager of the Flagstaff mine in Baker county, owned by a syndicate of Parisians, has discovered and patented a process whereby common sagebrush can be utilized to make paper and to provide an oil to be used as the basis for high grade perfumes. In the making of perfumes a basic oil is used which is very expensive and only a small per cent of the essence for which the perfume is named is added to give it the required odor.—Statesman
