A Wart or Pimple MAY BE CANCEROUS.

When a wart, mole or pimple shows any sign of tenderness it is a warning that bad blood is behind it. Often these places are on the face, hands, legs or other part of the body for years, and give no sign to cause uneasiness, and when with a little rough handling, a slight cut or bruise will develop into a sore that refuses to heal, and the sufferer finds himself afflicted with a cancerous ulcer.

About three years ago a blister came on the right side of my nose. It grew rapidly in spite of all efforts to heal it up; the pain was not very severe at first, but increased when the sore began to ooze, leaving a red, angry looking ulcer. I had almost despaired of ever curing it, when my attention was called to S. S. S., and after taking a few bottles the sore began to gradually grow smaller, the discharge stopped and I was cured.

If the blood is pure and healthy these sores cannot exist. S. S. S. is the ideal blood purifier. It cleanses the blood of all poisons and impurities, making it strong and vigorous and able to supply the body with the strength and nourishment it needs. There is nothing that acts so promptly as S. S. S. in tuning up the entire system, helping the general health, and curing sores permanently.

Do not let a wart or pimple develop into a cancerous ulcer, but purify your blood with S. S. S. It is nature's remedy, purely vegetable, and while driving all poisons from the blood, will build up every part of the system. Book on the blood and any medical advice desired will be given without charge, to all who write.

MEAT CHEAP

But not Cheap Meat

Having purchased the Bock & Thomas shops and also the Bull Market, we are in position, with the three shops, to furnish our patrons with choice meats at a less price than if we had only one shop. It is not our intention to raise the price of meats, but it is our intention to reduce the price, and thereby hope to increase our trade. A trial order will convince you of the assertion.
