Grand Jury Report

1—To the Hon. Robert Eakin Circuit Judge, presiding at the October term of the Circuit Court of the state of Oregon for Union county.

2—Your Grand Jury duly empaneled for this term of court beg leave to report that they have concluded their labors and now desire to be discharged.

3—We have made careful examination into all matters properly coming before us and have found and returned into court 16 true bills and 4 not true bills.

4—We have made examination into the several county officers and into the manner in which those officers are kept, the records apparently all in proper condition and order, and the several county officers competent and trustworthy and accommodating to all those having occasion to visit their offices on business or inspection.

5—We especially recommend the successful efforts of the county commissioners and the county judge in reducing and paying off the county indebtedness their showing in this regard disclosing a reduction of the floating debt of the county in the sum of about \$63,903.41 since the 31 day of March, 1904.

6—We recommend that the County Court acting as a board of county commissioners at an early date take such action as may be necessary under the lease to have the City of La Grande clean up, level up and seed to suitable lawn the court house yard and block and that the city construct suitable cement walks and approaches from the streets to the court house entrances and proper cement and board walks where necessary about the court house block, so as to render the grounds of the court house and the approaches thereon in a condition in keeping with the building situated thereon and used for county purposes and the Grand Jury further recommends that the county keep such improvements in good repair during the life of its lease of said premises.

7—We recommend that the sheriff or one of his deputies keep watch and guard over the court house at night by sleeping at the court house, in order to insure the safety to the prisoners and records therein.

8—We especially refer the Sheriff to Sec. 3104 of the statute and recommend that he comply with the provisions of that section in regard to turning over the moneys to the county treasurer.

9—We recommend that the county court look into the matter of providing shutters for the county clerk's office, the county recorder's office and the county treasurer's office and where necessary to provide shutters in order that the county records may be safely kept.

10—While we recommend the board of commissioners for reducing the county debt, we do not believe in reducing it at the expense of the traveling public. We deplore the condition our public roads are in at the present time and we especially recommend the county court to advertise for bids, for the construction of the bridge across Grand river on what is known as the Peach road running from Island City to Nibbly forthwith.

11—We further recommend that the county advertise for bids for all stationary used by the county officers.

12—We especially refer the county court to section 2957 of the statute in regard to the sheriff's compensation for the board of prisoners and recommend that said bills be paid in accordance therewith. We further recommend where there has been an over charge of bills, as there has been for the board of prisoners during the months of August and September, that the court proceed to adjust said bills in accordance with the law and that in the future no over charges be allowed.

13—We further recommend that the telephone bills of the various county officers, if paid by the county court out of the county funds, that the same be deducted from the salary of said officers and we further recommend that the county court not allow any bills for deputies other than the law provides for, and in case of any more deputies than the law provides for such deputies to be paid for by the respective officers and not by the county.

14—We desire to thank your Honor for the able and prompt manner in which you have dispatched the business of this term and for the uniform courtesy in the treatment we have received at your hands. Our Halliff has been prompt to respond to our every demand and our District Attorney has been on hands to advise us in every emergency. Through you we desire to thank them for their efficiency and faithfulness.

Having now concluded our labors after being in session in all seven days we now desire to be discharged.
