**MONEY MAD**

"This nation has gone money mad. For ten years this land has enjoyed material wealth and prosperity such as the world has never before seen, and during that time this madness has come upon us in full force. We have forgotten the commandment, 'Thou shalt not steal,' and we are taking the position that wealth is desirable, no matter how money is obtained. We can not continue in this rut indefinitely and secure the continuance of free institutions. The dangers of peace will destroy this country at this present rate just as certainly as a disastrous war."

Such was the keynote of a speech on "The Patriotism of Peace," delivered by Governor Frank J. Hanley of Indiana tonight at the Y M C A auditorium in which the Hoosier chief executive sounded a vehement note of warning to Americans against allowing continuance of graft, official corruption and disregard for law in this scramble for plunder.

Governor Hanley painted a dark picture of conditions in the United States, and insisted that the very life of the nation was dependent on a speedy return to saner ideas and honest methods.

Portland should have the U S senator by all means. Portland suburbs should name both Oregon congressmen. Portland will need all the federal appropriations for the next ten years. We might as well all move to Portland or leave the state. - Salem Journal.

Roseburg had a Greek war similar to the riots in La Grande last year. It required the assistance of the militia to straighten things out in this instance. The railroads should not employ such people. They make enough to pay sufficient wages to give employment to American citizens.

Under the circumstances Union county did remarkably well to receive recognition as third in county exhibits at the Lewis and Clark fair. There is no reason whatever but that we should have been included in the list of firsts, but it requires time and money to prepare exhibits when the resources are at hand and we expended neither until it was impossible to secure the best results and had it not been for the activity of the La Grande Commercial Club which finally received support from other communities and commercial bodies of the county, Union county would not have been on the map at the fair whatever. We had and maintained a very creditable exhibit and did our part in representing the state.

Among the latest monopoly reports, is that the beef trust has secured control of the salmon industry by purchasing thirty five plants in Oregon Washington and Alaska.

For some reason there is not the grand rush of candidates for congressional honors as might have been expected, since Congressman Williamson has been eliminated from the race. The reason is doubtless that Portland is keeping in the background and the country districts have not as yet made a sufficiently strong showing to catch Portland's pulse. It will be better for Eastern Oregon when the time does arrive to have a district of our own. Then Portland will have a congressman and so will we. Our population at present will not justify this, but we are drifting thitherward quite rapidly.

**ECZEMA**  
ITCHES AND BURNS

The return of warm weather means a return of torture to Eczeema sufferers. The blood is charged with burning acids and acrid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczeema, it would break out in small white pustules, mostly on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during the time used various medicinal soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not worry me so much. I continued the medicine, and soon all the ugly eruptions disappeared and my skin is now as clear as anybody's. I have not been troubled with any breaking out since.  
J. E. KELLY, Urbana, O.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczeema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.
