Scenic Production

In presenting this beautiful melodrama every attention has been given to detail in the stage settings and the selection of the players, and the result is that no more complete or capable company is now traveling. The play is embellished by these additions, yet in itself is worthy the attention it commands. The story is one that interests all because of the depth of human feeling which it portrays. There is often in melodrama, a feature which does not harmonize with the delicate parts, and this destroys the effect that might have been striking. In "A Broken Heart" there is throughout a delicacy that is seldom found in plays of this nature. This is in a measure the cause of its popularity. With the scenes laid in the Rocky Mountains, where nature is seen at her best and grandest, and the naturalness of the story, together with the purity and nobleness of most of the characters, a play is formed that has aroused admiration and enthusiasm wherever it has been seen. Popular prices, 10, 20 and 30 cents.—Saturday night "The Great Diamond Robbery,"—Saturday matinee "The Man from Japan."

No woman can look beautiful without good health. A woman's good health depends on those organs peculiarly feminine, and which so often become diseased, causing misery and dragging down pain. Nature's laws are perfect, health endures if you obey them, but disease follows disobedience. The distressing complaints of women are often brought about by catching cold at a critical period, breathing foul indurated air and long hours of work and nervous tension. Go straight to Nature for the cure—the forest. Dr. Pierce's Favorite Prescription is Nature's cure for the distressing complaints of women. Prof. King, M. D. in his American Dispensary, says of Black Cohosh or Black Snake-root—"our early American Indians set a high value on this root in diseases of women. It is surpassed by no other drug, in congestive conditions of the parts where there are dragging pains and tenderness."

Lady's Slipper root is a "nerve stimulant and tonic, improving both circulation and nutrition of the nerve centers—favoring sleep and cheerful condition of the mind; of service in mental depression, nervous headache, irregularities of women with despondency."—Prof. King. Besides the above ingredients there are—Golden Seal, Yucca and Rhus Cohosh roots in Dr. Pierce's Favorite Prescription.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Over 1000 pages and illustrated. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

Having purchased the Beck & Thomas shops and also the Bull Market, we are in position, with the three shops, to furnish our patrons with choice meats at a less price than if we had only one shop.
