

### MONEY SAVING PAINT

Money saving in painting doesn't mean the use of cheap-by-the-gallon paint. It means the use of first-quality paint—paint that will cover most surface to the gallon, that will spread easy and save the painters' time, that will wear well and put off for the longest time the need for re-painting.

### THE SHERWIN-WILLIAMS PAINT

Is a money saving paint. It covers most surface to the gallon because it is ground exceptionally fine and is thoroughly mixed. For the same reason, it spreads easiest and saves the painters' time.

It wears longest because it is made from the best materials, so thoroughly combined that they become inseparable, and hold together on the building for the longest time. When you buy The Sherwin-Williams Paint you buy economy. We sell it. Color cards free.

## UMATILLA DEPUTY SHERIFF INDICTED

Charged With Larceny of Public Money,  
\$4200 Involved

Pendleton Oregon October 18—Information has been filed in the circuit court against C P Davis, ex-chief deputy in the sheriff's office, and yesterday afternoon the defendant and his attorneys appeared before Judge Ellis to hear the indictment. At the conclusion the defendant's counsel stated that they would take until tomorrow morning in which to file against the indictment, they being allowed such under the statutes.

The direct information was filed yesterday afternoon by District Attorney G W Phelps, and differs considerably from the charge made against Davis in the justice's court. In the

present indictment he is charged with the larceny of public money and is accused of having taken to his own use, while acting as deputy sheriff, the sum of \$4200, which was the property of Umatilla county. The date named in the indictment is July 12, 1905. How far under the statutes all that is necessary for the state to prove is that the amount was taken within three years previous to the filing of the indictment, and it is not necessary to prove the exact date.

Witnesses named in the indictment are T D Taylor, W M Blakely, A O Funk, Joe Blakely, George Buchanan and C E Beckwith.

## Creamerymen For Strong Consolidation

A consolidation of creamery interests was perfected in this city yesterday afternoon which means much to the dairy industry of Eastern Oregon. For some time the creamery men of Union, Umatilla and Baker counties have seen the necessity of coming together on some common ground whereby the interests of the creamerymen and the dairymen would be best subserved. After considerable thought and many conferences, the most advantageous solution of the problem seemed to be the consolidation of the Grande Ronde Creamery at Union,

and the Sigma creameries at North Powder, and Baker City with the Blue Mountain Creamery company of La Grande and Pendleton. While the consolidation is complete and all the creameries will be run under the name of the Blue Mountain Creamery Co., each plant will operate as heretofore and the relations now existing between the patrons and the creameries will not be disturbed in any way.

This consolidation of interests assures a steady market for all the cream which can be produced in the territory, and an assured market means prosperity for the dairymen.

### A Broken Heart

The New York Empire Theatre company presents at popular prices, Friday evening October 20th. "A Broken Heart" It is different from the ordinary western drama, for the reason that it is not only bubbling over with the most delicious humor and permeated with delightful and natural sentiment, as tender as it is true, but at the same time the scenes and incidents, which are true to life, have been brought together in the most dramatic and effective manner. These who have witnessed the production of the story say that the action is swift moving, carrying the interest of the spectator from one incident to another with, at times, bewildering rapidity, and then, just as a mountain stream, after dashing down a steep declivity, all roar and excitement, will suddenly rush into a sheltered nook, and then glide on with tender murmuring, so does the robust and melo-dramatic elements suddenly blend into the purest and most refined sentiment.

## BAD BLOOD WEAKENS THE SYSTEM AND INVITES DISEASE

Every part of the body is dependent on the blood for nourishment and strength, and when from any cause this vital stream of life becomes impoverished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is weakened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dull, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of all impurities and poisons, and enriches and strengthens it, but

gently builds up the entire system by its fine tonic effect. S. S. S. reinvigorates every member of the body, gives tone and vigor to the blood, and as it goes to the different parts, carries robust health and strength. S. S. S. acts more promptly and gives better results than any other medicine. It cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases and all other blood disorders, and cures them permanently. Our Medical Department will be glad to give advice without charge to all suffering with blood or skin diseases. Address
