## RATIONAL LIVER TREATMENT

A Comparison of the Old and the New Methods.—Little Reasonableness in one and Much in the Other

Take a few pills, concocted by a pharmacist, and your disordered liver will proceed to do better work than ever before. Is there any reasonableness in the proposition when carefully considered? None at all; and the only reason people continue to do it—not all people—is that through long generations the habit has been bred of looking to drugs for health. Nothing better was to be had, perhaps.

But how much more reasonable is the Osteopathic idea. Years ago Dr Still announced his belief that the human body is a perfect machine, capable of manufacturing within itself all of the elements needful to health. Is this reasonable? It must be granted, for the best physicians of every school today admit that Nature in the body is the real healer.

## A Homely Illustration

A lad cuts his finger. We all know that almost immediately the process of repair begins, that with practically no attention at all the cut will heal; for Nature brings to the damaged part just what is needed for restoring normal conditions.

But if a string very tightly about the finger below the cut and what will be the result? Nature's course is interfered with, the supply of nerve force and bodily fluids to the afflicted part is interrupted; so that not only the cut will not heal, but, if the condition is allowed to continue the finger will decay.

It is exactly thus with a disordered liver. Diet being reasonable, so that the liver is not constantly overworked, and Nature will take care of it—provided the current of her work is not dammed up by some definite obstruction such as the string on the lad's finger. If nerves, which normally should have control of the liver, are pressed upon by vertebrae that are not in proper alignment or by some similar misadjustment; if the normal blood supply is interrupted; or if the organ itself is crowded by the neighboring structures, it cannot be expected to recover or to do its work properly.

But no drug or combination of drugs will remove the obstruction. Osteopathy does. Its specialty is the finding and correcting of just such misadjustments as those described; its whole long training of its practitioners designed to fit them for the work.—The Right Way.

A wonderful tonic. Drives out all impurities, gives you strength, health and happiness. That's what Dr. Williams' Pink Pills will do. 35 cents, Tea or Tablets. Newlin Drug Co

## BAD BLOOD WEAKENS THE SYSTEM AND INVITES DISEASE

Every part of the body is dependent on the blood for nourishment and strength, and when from any cause this vital stream of life becomes impoverished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is weakened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dull, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of all impurities and poisons, and enriches and strengthens it, but gently builds up the entire system by its tonic effect. S. S. S. reinvigorates every member of the body, gives tone and vigor to the blood, and as it goes to the different parts, carries robust health and strength. S. S. S. acts more promptly and gives better results than any other medicine. It cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases and all other blood disorders, and cures them permanently. Our Medical Department will be glad to give advice without charge to all suffering with blood or skin diseases. Address
