NON-CONTIGUOUS

The possessions of the United States that do not join our main possessions are called non contiguous territories they are Alaska, Hawaii, Porto Rico, Philippine Islands, Guam, Mid-way Islands and Tutuila. While these countries are far away and widely scattered and peopled with people different from us it is incumbent upon us to learn all we can concerning them. This is a duty we owe not only to ourselves but the people dwelling therein, because we are the makers of the laws they must obey, and the fabricators of the policies that shape their opportunities to live comfortably.

These possessions are not bare islands or inhospitable piles of mountains. The several millions of people over whom we have been placed as rulers are possessed of the same feelings, hopes and rights as ourselves and deserve the same treatment and consideration as we demand for ourselves. They are now in the grand procession of progress with us keeping step to Yankee Doodle, and over their heads floats the starry banner, the flaunting declaration that "all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty and the pursuit of happiness."

It will be a shame and disgrace if we so use the power we possess over these millions of people that when they look up at that beautiful flag they in the bitterness of their heart caused by our injustice to them, pronounce it "a flaunting lie." As the realm of our power has increased, so should our hearts enlarge and our minds expand, and we should get rid, quickly and forever, of the old Roman and Greek belief that the dwellers in far off lands are but tempting prey for cupidity and that stranger means but barbarian and savage. The pioneers of Oregon and all the states built in the wilderness of the west know from sad experience the mortification of being held in contempt because they dwell a long distance from the men who under our form of government made laws for them to obey.

For the eight months ending with last August, the latest record we have, the people living in our noncontiguous territories purchased from the people of the United States \$31,593,945 worth of things grown or made herein and for the same time purchased foreign made goods to the value of \$322,837 from our merchants making a total of \$32,416,782 bought by our far off possessions, a sum \$12,211,426 greater than all our exports in 1790. The same time we shipped to these possessions in gold and silver coin \$564,920 making our aggregate exports to

our noncontiguous territories for the two thirds of the year 1900 reach \$32,981,702.

For the eight months ending with August 1905 we received from our noncontiguous territories things valued at \$72,150,815. The total of exports from the United States to and imports from our distant possessions for the eight months mentioned aggregated \$105,142,517. At the same rate our trade for the year 1905 will reach \$140,190,012 a trade \$96,984,856 more than our whole foreign trade in 1790.

Fine papers in tablet form are in demand for general correspondence. We have them as well as anything else you may require in the writing material line. Newlin Drug Co., La Grande, Ore.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption his last hope vanished; but Dr. King's new discovery for consumption, coughs and colds, kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 50c and \$1.00 bottles at Newlin's Drug store. Trial bottle free.

Insomnia and Indigestion Cured

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tallamore, Ontario, Canada.
