PROSPEROUS GRANDE RONDE

A trip through Grande Ronde valley at this season of the year shows evidences everywhere of prosperity. Well filled barns, fields dotted with stacks of fodder, sleek cattle and fat horses and the range green with grass. These are the outward appearances that are so predominant that they cannot but help impress one when driving through the valley. The bounteous harvest has practically been cashed and the proceeds in the banks. Few of our farms are mortgaged and it can be truly said that the farmers of this grand valley are the money kings, and naturally maintain comfortable homes.

Not only is the farmer endowed with nature's abundance, such as the best of land, timber, water and climate, but through his guidance and energy enjoys the benefits of daily mail and hundreds have 'phones.

Twenty years has worked wonders in this beautiful valley but it requires no prophet to foresee that the next ten years will see greater development than the past twenty. These big farms will be divided and subdivided and with trolley cars running hither and thither, a population of forty thousand will be the result much sooner than possibly anyone who reads this believes.

After the Mill

The Elgin Commercial club is going about it in a business manner, to secure, if possible the location in their city of the big lumber plant soon to be installed either in La Grande or Elgin by the Palmer Lumber company. The committee appointed to look after the city's interest is D. E. Hendricks, D. Sommer, J. L. Hindman, J. A. Masterson and F. E. Smith. This is certainly a strong and influential committee and they will certainly and properly present the matter in its strongest light for Elgin. It is just possible that La Grande could follow Elgin's example to advantage.

Big Timber Deal

An important transaction was made a few days since whereby J. L. Overton and C. M. Humphreys, proprietors of the Star planing mill, became the owners of 13,000,000 feet of timber. The timber is situated on the north fork of Clark's creek, about twelve miles east of this city, and was purchased from Wm. McIlroy. The consideration was not made public. The new owners of the timber are also proprietors of a sawmill, and sometime in the near future will move it to their new holdings.—Elgin Recorder.

Promise Improvement

The owners of the Union Railway promise a new coach and engine soon. This is indeed gratifying. The road is doing a fine business and there seems to be no reason for continuing the present ramshackle outfit that has so long humiliated and disgraced our town. Let us hope the day of new equipment is not far distant.—Republican.

Rich Food

Down in Arizona, ranchman are feeding their hogs on peaches. The fruit is abundant and cannot be marketed at a profit so the best thing to do with it is to convert it into hog meat. A hog fattened on such a product ought to be a "peach".—American Farmer.

Stationery and Writing Materials

We try to keep this stock right up-to-date in every particular, and apparently already have the fashionable trade of the town. When you want stylish correspondence paper, you will find it at Hill's Drug Store.

Saved By Dynamite

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. For sale by Newlin Drug Co. Price 50c and \$1.00; guaranteed. Trial bottle free.
