Summary of Thoughts For Dyspeptics

Digestion depends upon two factors, motion and digestive fluids. These in turn depend upon nerve and blood supply for their activity. The nerve and blood supply of the stomach in dyspepsia are interfered with by displacement of the bones of the spine and ribs, and by the contracture of muscles. These are the first and primary causes of dyspepsia Dietetic errors are causes of dyspepsis but are secondary to the others. The cure of dyspepsia involves the cor-rection of these displacements. Correction of diet aids the stomach in recoverng after the displacements are removed. Ostsopathic cures are real cures and permanent because the primary causes of the trouble are removed.

The administration of pepsin, hydroch-loric acid, silver nitrate, strychnine and other drugs is not curative, but merely palliative, and soon aggravates the defective conditions already existing. Drug giving is therefore uncertain, unscientific

These are the two views of dyspepsia Think over them and take your choice.

Saved By Dynamite

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would ours it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption. Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La

Every Catarrh sufferer dreads the return of cold weather, for at the first cold breath of the season this plague of Winter is fanned into life with a lit miserable symptoms. The nostrils are stopped up, and a constant drop ping of mucus back into the throat keeps up a continual hawking and spitting, the patient has dull headaches, ringing noises in the ears and a hall sick, depressed feeling all the time. Every inner lining and tissue of the body becomes inflamed, and secretes an unhealthy matter which is absorbed into the blood and distributed to all parts of the body, and the disease becomes constitutional. The catarrhal poison brings on stomach troubles, affects the Kidneys and Bladder, attacks the soft bones of the throat and head and if not checked leads to Consumption. A disease so deep-seated and dangerous cannot be washed out, neither can it be smoked away. Sprays, washes, inhalations, etc., are uscless, because they only reach the membranes and tissues, while the real cause of the disease is in the blood. S. S. S. cures Catarrh because it attacks it through the blood; it goes into the circulation and drives out all unhealthy accumulations and catarrhal matter, and when this is done every part of the system receives a supply of rich, pure blood. Then the inflamed membranes and tissues heal, all discharge ceases, the depressed feeling of the body is relieved, and every symptom passes away. S. S. S. goes to the very root of the trouble, and by purifying PURELY VEGETABLE. and enriching the blood and building up the entire system, cures Catarrh permanently. If you have Catarrh do not waste time with local remedies, but begin 8. S. S. and write for our book and any medical advice without charge.
