## CLOTHES CLEANED

The same old stand but a new management. Take your suit to the same place, and have another man clean and press it the way it should be. Harvey does the clean- and pressing and does it right. Another strong feature about his system is that his prices are correct. Remember the place, next door to the commercial club. Ladies' gents clothing cleaned, dyed, pressed and repaired.

## Osteopathy

### Judicial Opinion Of Note

In an open letter, called forth by the opposition of the Indiana Medical Society this winter, to the passage of the Osteopathic law in Indiana, Judge R. S. Taylor, of Fort Wayne, said:

"I have been taking Osteopathic treatment and have derived great benefit from it. A number of my acquaintances have been taking the treatment with like good results. They are not ignorant, simple-minded people to be imposed upon by charlatans, but highly intelligent and competent persons.

"Osteopathy is a new science, totally unknown to the regular physicians. The discovery of the intricate relations between the anatomical displacements of the body, and diseased conditions, and the means by which such maladjustments can be corrected and the disease cured, is, in my opinion, one of the most brilliant achievements in the science of healing I have had much opportunity to learn about the treatment of disease; and I am sure that the science of Osteopathy has in store great blessing for mankind."

## MEAT CHEAP

But not Cheap Meat

Having purchased the Bock & Thomas shops and also the Bull market, we are in position with the three shops, to furnish our patrons with choice meats at a less price than if we had only one shop. It is not our intention to raise the price on meats, but it is our intention to reduce the price, and thereby hope to increase our trade. A trial order will convince you of the assertion.
