**OFFICER  
KILLS  
THIEF**

The Dallas, Or., Nov. 20.—Charles  
Jones was killed instantly by Policeman  
Ralph Gibbons at 9 o'clock last night  
while resisting arrest for stealing flour at  
the Diamond Flour Mills. He leaves a  
wife and several children in destitute cir-  
cumstances.

For several years the manager of the  
Diamond Mills has known someone was  
stealing flour from the mill, and three  
weeks ago put the case in the hands of  
officers. Last night Gibbons learned that  
Jones had been seen on a back street go-  
ing toward the mills, and he hastened to a  
place of hiding in the rear of the flour  
house.

Scarcely had he secreted himself when  
he heard someone pass through a narrow  
alley between the mill building and a  
feed yard, then enter the flour room  
through a rear door. Soon Jones came  
out, and when within a few feet of where  
Gibbons was secreted the officer threw a  
flashlight on him and commanded him to  
throw up his hands. Jones obeyed, and  
Gibbons, holding his dark lantern and  
pistol in his right hand, proceeded to  
search his prisoner for weapons, as Jones  
was known to go armed.

As the officer was searching him, Jones  
seized Gibbons' pistol and tried to turn it  
on the officer.

A fierce struggle ensued, Gibbons all the  
while trying to keep the gun pointed  
toward Jones and pulling the trigger  
whenever the pistol pointed toward his  
antagonist. Two balls took effect in  
Jones' body, one in the breast, passing  
through his heart, and the other in his  
hip.

At an inquest before Coroner Burget  
this forenoon the verdict was justifiable  
homicide. Jones was about 40 years of  
age.

**DISTRIBUTION OF  
GOVERNMENT SEED**

The annual distribution of vegetable  
and flower seeds by the department of  
agriculture will begin December 1, and  
before planting time it is expected the  
entire amount (about 38,000,000 pack-  
ages) will be in the hands of the people.  
Congress for the past several years has  
appropriated \$290,000 for this purpose,  
but a portion of this is used for foreign  
experiment work and other kindred mat-  
ters. The bulk of 38,000,000 packages  
is subject to the order of senators and  
representatives for distribution among  
their constituents, the secretary of agri-  
culture reserving one fifth of the amount  
to supply the statistical crops correspond-  
ents, the weather bureau, and for other  
purposes.

In addition to vegetable and flower  
seeds the department sends out quantities  
of cotton, forage and field seeds to local-  
ities they are best suited for and from  
which it is thought good results may be  
obtained.

**Both wants Rightofway**

An Atton, Wyo., special to the Salt  
Lake Herald says: Rival engineering  
parties are hurrying surveys for their  
respective companies through the Teton  
mountains, the Jackson Hole country and  
on to Idaho. One outfit is in the employ  
of the Burlington company and is survey-  
ing for the extension of the Alliance-  
Guernsey line, work on which is to be  
resumed at Guernsey in the near future,  
according to the official announcement of  
General Manager G. W. Holdredge. The  
other corps is working for the Chicago &  
Northwestern and is surveying for the  
extension of the Northwestern's Casper  
Lander line from Lander through the  
mountains to a connection with the Ore-  
gon Short Line at some point in Idaho.  
The Northwestern survey follows Hog-  
back creek and Snake river. The sur-  
veyors at times are camped and work  
so close together that they exchange  
courtesies, although they will not talk  
about their plans.

**Ancient Telephone**

London, Nov. 21.—News has just been  
received here that an English officer in  
Hindoostan has discovered that many  
ancient temples in out-of-the-way places  
were connected with each other by me-  
talic wires and a kind of telephone.  
Through archaeological investigations the  
same officer has discovered that practical  
telephone communication somewhat like  
that of the present day was known to  
the inhabitants of India more than 2,000  
years ago.

**Notice**

Notice is hereby given you that my wife  
having left my home without just cause  
or provocation, from and after this date,

Dated at Island City this, the 6th day  
of November, 1905. JOSEPH ANSON.

**Gold And Silver**

A report issued by the geological survey  
says:  
The production of gold in the United  
States during 1904 amounted to 6,910,-  
729 fine ounces valued at \$90,655,646.  
This represents an increase of \$7,243,-  
984 over the production of 1903. The  
largest previous output, in 1902, amount-  
ed to \$99,000,000. The production of  
silver in 1904 amounted to 58,999,864  
fine ounces valued at \$32,055,278. This  
represents an increase of 1,639,864  
ounces over the production of 1903 and  
an increase in value of \$2,713,378. The  
record output of silver in 1892, amount-  
ing to 63,600,000 fine ounces, the report  
says, has not been reached in late years,  
nor has the commercial value attained  
the figures of that year, which amounted  
to \$82,101,000.

**Hottentot Leader Dead**

Berlin, Nov. 21.—A cable message re-  
ceived here today from Lieutenant-Gen-  
eral von Trotha, commander of the forces  
in German Southwest Africa, announced  
the death of Hendrik Witboer, the leader  
of the Hottentot revolt. His death result-  
ed from a severe wound received while  
attacking a German provision train Octo-  
ber 29.
