The Methodist chicken pie dinners have long since earned a reputation and those in charge of the dinner saw that their former reputation was up to the par. The dinner was liberally patronized and not a few will return this evening for supper.

If that company of Portland business men who have been touring the Willamette valley and Southern Oregon should visit Eastern Oregon at this time, they would consider this a regular summer resort and would take immediate steps to move their families to La Grande for the winter. We certainly have the climate.

Winter's knocking at the door. With no uncertain sound he's demanding entrance everywhere. Are you ready for him? How about your winter Suit and Overcoat? Are they in proper condition to weather the storms of the coming season? How about your winter Underwear, Gloves, Hosiery and other Toggery? Hit The Cause

Osteopathy of all the systems of healing is unique in this respect. The revolt of the master mind of Dr. Still, the founder of osteopathy, against the blind superstition and experimentation of medicine, of which he was a highly honored practitioner, led him to the field of research. Turning his back on the dogmas of the past and the unsustained theories and practices of his day, he boldly proclaimed a cause:

"The body is a complete machine and acts by the laws of mechanics; all parts are complete and the motive power within; therefore, the cause of disorder is within, and lies in the slight displacement of bones of the spine, ribs, pelvis, etc., and in contracting muscles and ligaments."

This is confirmed by actual demonstration on cases. When he had replaced them and cured the disease thereby, he gave his system to the world. This is what the osteopaths are practicing today. They are "hitting at the cause" is why they are succeeding.

\$17,000 a Mile

In a final decision delivered late Tuesday afternoon, the Multnomah county court determined that the assessor's figures will stand in the assessment of \$17,000 per mile against the roadbed and right of way and tracks of all railway lines in Multnomah county, excepting the west side lines of the Southern Pacific railway, which will be assessed at \$10,000 per mile. All rolling stock will be taxed at \$5,000 per mile.

Another Orchard

Mr. Lyman who has been in the city for several days looking over the valley, has purchased seventy acres in the vicinity of Imbler and will set the same out to orchard. Mr. Lyman sees a great future in this valley as a fruit center and states that it will only be a short time when this valley will be exporting winter apples in train loads.

Mr. Lyman expects to make his home in this city and purchased the home of M. Sorenson in the eastern portion of the city. This tract also contains quite a nice little orchard.

SOCIETY

401 club

The popular club known as the 401 was entertained by Miss Evelyn Rohan, who had made all preparations for the good time realized. It was evident that Miss Rhoan believes in the old adage, "variety is the spice of life," when she presented her shopping bag well filled with parcels of various forms and sizes for her guests' approval. The mystery of this game was first solved by Miss Margaret Porter, next by Miss Mayme Reith and last by Miss Bess Bohnekamp.

Last Night's Fire

Last evening about five thirty fire was discovered in the Ferguson residence on O. street, and an alarm was at once turned in. By the time the hose carts reached the scene the entire upper story was in flames, and though the willing workers did all in their power to subdue the flames the building is badly damaged. The furniture of the lower story was removed without much damage, but the contents of the upper rooms was totally destroyed. The property belonged to Engineer Ferguson, and was insured to the amount of one thousand dollars. This amount will hardly cover the loss.

New Bridges

Between Baker City and Huntington the O. R. & N. Company has many gangs of men at work replacing the old bridges over Powder and Burnt rivers with new steel structures on stone and cement abutments. Stone culverts are being built and this division will soon be as solid as the rest of the main line.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at Ives' Drug store; price 50c.
