Pendleton, Or., Nov. 1, '05
To the public:
Cwing to constant headache, dizziness and nervousness, my daughter Hazel was obliged to be out of school a great deal during the last winter and early spring. As the glasses she was wearing failed to give her any relief, I took her to Dr. F. B. Dayton. The glasses he gave her had the desired effect. After a short time she suffered no more from headache nor dizziness, and her nervous system repaired rapidly. The good results have proven permanent and we are well pleased.

THANKSGIVING FOOT BALL GAME

The foot ball game to be played in this city on Thanksgiving day between the Athena Athletic club and the La Grande team, promises to be the greatest foot ball game played in La Grande in many years.

The home boys have been working hard to get in first class condition and how well they are succeeding can be easily seen by those who attend their practices. The team is composed of the very best material to be had in La Grande, as will be seen by the names in the lineup. At any rate a good fast game is assured when the referee blows his whistle at three o'clock on Thanksgiving day.
