PARENTS AND TEACHERS

Do you know that the health, happiness and progress of hundreds of children is hampered by weak eyes?

Pendleton, Or., Nov. 1, '05
To the public:
Owing to constant headache, dizziness and nervousness, my daughter Hazel was obliged to be out of school a great deal during the last winter and early spring. As the glasses she was wearing failed to give her any relief, I took her to Dr. F. B. Dayton. The glasses he gave her had the desired effect. After a short time she suffered no more from headache nor dizziness, and her nervous system repaired rapidly. The good results have proven permanent and we are well pleased.
