THE O. R. & N. STILL IMPROVING SERVICE

A Telephone Service is the Latest For the Protection of Trains.

One of the most important changes in manner of operating trains on the O. R. & N. railroad is just now being inaugurated, connecting the telegraph wires with a telephone in the office, and as each caboose comes into headquarters it is being with a telephone and necessary apparatus for making connection with the telegraph wires.

Should a train get into trouble at any point whatever between stations all they have to do to come into instant communication with the dispatcher is to take a string of wire, connect with the telephone in the caboose, tie a rock, bolt or

other substance to the other end and throw it across the telegraph wires. By this method the conductor can make his report instantly by word of mouth and receive his instructions in the same manner.

The importance of this cannot be over-estimated in cases of bad wrecks when time is a great factor in securing proper assistance and will be the means of saving much property and many lives. Such a step is a great one in advance for the O. R. & N. and will no doubt add much to the popularity of this already favorite route with tourists.

Eleven Million Pounds Of Diseased Food

Chicago, Nov. 28.—In one year people of Chicago would have served on their tables 11,000,000 pounds of diseased meat, fish, poultry and vegetables if it were not for the activity of the city health officers. Dr. Whalen sums up the results achieved by his department from the time city inspection was resumed as follows:

Since August 7, weekly condemnations of unfit food have averaged 137,200

pounds of meats, fish, poultry, etc., and 73,100 pounds of fruits and vegetables, which, if maintained for a year, would make an aggregate of 11,000,000 pounds condemned and destroyed as unfit for human food.

The principal causes of condemnation were: of meat, tuberculosis, "lumpy jaw," hog cholera, immaturity and emaciation; of fish, "taint" and staleness; of fruit and vegetables, rotteness.

HIS COMMISSION HAS ARRIVED

Judge Wolverton has received his commission as United States District Judge. When asked when he would qualify, he said he was unable to say, but that he would go to Portland this afternoon and consult with Judge Gilbert, after which he would determine when he would take the oath of office as United States Judge.

He said there was much business before the Supreme Court requiring attention, and he understood the business of the United States Court was pressing, but that he would have to make some inquiry at Portland before deciding when he would qualify.

The Department of Justice desires that the Judge shall qualify and proceed to the transaction of business at once, as there are several important matters demanding immediate attention.

To wait until the decisions now before the Supreme Court can now be prepared means delay for the United States Court; to assume the duties of Federal Judge means delay for the State Supreme Court business, as several of the cases will probably have to be heard again because litigants are entitled to have their case passed on by a full court.

German Baptists

Weston, Ore., Nov. 28.—Contractor Ainsworth has begun work on the new German Baptist church on South Water street, which will be 36x60 feet with basement. It will be a creditable building and will cost \$5000.

Sentence Postponed

St. Louis, Nov. 28.—On motion of the defense Federal Judge Vandeventer today postponed passing of sentence on United States Senator Burton until Wednesday morning, when the defense will present its reasons for asking for a new trial.

Mrs. Rogers to Hang

Washington, Nov. 28.—The federal supreme court today affirmed the decision of the federal court for the district of Vermont in the case of Mrs. Mabel Rogers, sentenced to death for the murder of her husband.

McCurdy Resigns

New York, Nov. 28.—The World today says Richard A. McCurdy, president of the Mutual Life has resigned, to take effect when the trustees find his successor.

The World also states McCurdy's son, Robert H., general manager of the Mutual, and McCurdy's son-in-law, Louis A. Thebaud, general agent for New York, also have resigned. According to the same authority James B. Forgan, president of the First National bank of Chicago, who once was one of the Equitable directors, has declined appointment as McCurdy's successor.

United States Crops

Figures taken from the annual report of the secretary of agriculture:

Corn (bushels)	2,708,000,000
Hay	\$605,000,000
Cotton	\$76,000,000
Wheat	\$25,000,000
Oats	\$22,000,000
Potatoes	\$138,000,000
Barley	\$58,000,000
Tobacco	\$12,000,000
Sugar cane and sugar beets	\$50,000,000
Rice	\$15,982,000
Dairy products	\$65,000,000
Poultry products	\$500,000,000

Reasonable Time

Washington, Nov. 28.—It was expected the government would today make a motion to advance the case against Senator Mitchell, but this was not done. Reasonable time will be awaited for Mitchell to reach here before the government will make such a motion. Then, if he does not arrive, the motion will be made regardless of his absence.

Barley Shipments

Dayton, Wash., Nov. 28.—The Portland Milling company at this place is loading 2600 tons of barley for shipment to London. On account of the great distance the sacks are all double stitched.

DANGER AVERTED.

If a man should cross a deadly snake in his pathway, he would quickly crush it beneath his heel before it could sink its poisonous fangs into his flesh. He would not step out of the way and temporize with the dangerous reptile. And yet how many people are there who temporize

with a still more deadly enemy—consumption. Like a silent serpent, it glides along almost unnoticed. First a cold, or sore throat, then a slight cough, then catarrh, then bronchitis, then bleeding from the lungs and finally death. The way to crush out the threatening evil is to fortify the system and purify the blood with Dr. Pierce's Golden Medical Discovery. Every weakness and abnormal condition that precedes consumption is cured by this non-alcoholic remedy. At the first sign of derangement of stomach, liver and blood, look out! It is only a question of time until the lungs will be attacked through the impure blood, and then the danger will be most deadly.

It should be known to every sick person that Dr. E. V. Pierce will give carefully considered, fatherly, professional advice by mail to all who write him at Buffalo, N. Y. No charge or fee of any nature is asked.

Mr. Moses Horner, of Stahlstown, Penna. writes: "Last fall I took a severe cold (the result of wet feet) and this brought on catarrh and bronchitis which lasted all winter. I used three bottles of Dr. Pierce's Golden Medical Discovery and two or three vials of Dr. Sage's Catarrh Remedy. I am now cured. Many thanks to you."

An honest dealer will not try to persuade you to take a worthless substitute in place of the "Golden Medical Discovery" for the sake of a little added profit.

THANKSGIVING DINNER TRIMMINGS

LA GRANDE SCHOOL OF MUSIC

PROF. DAY, PRINCIPLE.
MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 2 to 5. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.
Opposite the Foley House over the candy store. Phone. 473.
