CRITICISM SOON CONFUTED

In its issue of November 16th, the Independent, of New York City, in a spirit of fairness, gave the medical fraternity an opportunity to refute Dr. Still's arguments for Osteopathy, which we have quoted on pages 3, 4 and 5. The article was written by James J. Walsh, M. D., Ph. D., of the New York Polyclinic School for Graduates in Medicine and of Fordham University. Dr. Walsh is also a member of the editorial staff Medical News, New York, and the International Clinics, Philadelphia.

Dr. Walsh's article is largely devoted to ridiculing the idea that Dr. Still can have possibly discovered a cause for 95 per cent of all diseases which has been overlooked by the "regular" medical men of centuries. In this Dr. Walsh presents no tangible argument and overlooks the fact that Dr. Still himself is a "regular," having long practiced medicine before evolving Osteopathic procedure.

Dr. Walsh does not deny that Osteopathy is curing people in large numbers constantly, but he alleges that this is simply due to the fact that people are made believe it so thoroughly that their very faith helps them to health.

No one will deny that a belief that he is going to get well always helps the patient, whether he be taking Osteopathic treatment or doses of medicine; but the best commentary upon this argument by Dr. Walsh lies in the well-known fact that the bulk of those treated and cured by Osteopathy undertake treatment without confidence and simply because other systems have failed; when they find relief they begin to believe; and when cure comes they become enthusiasts whom Dr. Walsh believes have been cured by "faith." Of course they have faith, after they have found health.

Good Advice

Don't be a kicker—no man ever made a dollar kicking but a professional ball player. No man ever helped himself up permanently by kicking his neighbor down. Give others a kind word and give it freely. It won't cost a penny, and remember you may want a good word some day. You may have thousands today and tomorrow be without the price of a shave. Don't be a kicker. It doesn't pay. You can't afford it. There is nothing in it. If you want to throw something at somebody, throw cologne, and don't throw mud and bricks. If you feel that way you are the man that needs kicking. Whatever you do don't allow yourself to become a chronic kicker.—Exchange.

BAKER CITY EXPENSES

The report of the Baker City treasurer shows the expenses of the city for the year 1905 were \$1000 greater than in 1904. The cash balance on hand is \$23,807. The expenditures for the year were \$119,784. The reports of the other city officials, made at the last meeting of the old council, show the affairs of the city to be in good condition.

Can She Save Them?

Many a poor mother who feels that those she holds most precious are gradually slipping away from her over the terrible precipice of disease, would be thankful to know what Doctor Pierce's wonderful "Golden Medical Discovery" has done to restore thousands of weak and wasted children to complete rounded, rosy, healthy, activity and life.

"Five years ago this last fall I was taken down with a fever and was very bad for several months," writes Mrs. Henrietta Bell, of Diamond, Ohio. She continues: "Finally recovered from the fever, then my lungs became very bad. The doctor said I had consumption, and that he had done all he could for me, and he did not think that I could get well. My case was a very dangerous one. Became very weak, had night sweats, also a very bad cough, night and day. At times would spit blood. I felt as though my time on earth would be short. Requested my husband to get me a bottle of Dr. Pierce's Golden Medical Discovery, and perhaps it would help me. Before I had taken one bottle my cough was almost gone. The next to disappear were the night sweats. I am almost sure that if it had not been for your medicine I would not have been here today."

If mothers will only write to Dr. Pierce concerning the ailments of their family he will send them sound and valuable advice in a plain sealed envelope, and without any charge whatever. His remarkably wise experience has qualified him to deal with diseases which baffled the local practitioner. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

Christmas Day

is the hardest day in the year on your wife. After looking after the dinner and other meals she is too tired to get any enjoyment out of the holiday. Why not give her a chance.

Saved By Dynamite

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe, for sale by Newlin Drug Co. Price 50¢ and \$1.00; guaranteed. Trial bottle free.

A Creeping Death.

Blood poison creeps up toward the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Buck-jan's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25¢ at Newlin's Drug Store.
