DANGER AVERTED.

If a man should cross a deadly snake in his pathway, he would quickly ere it beneath his heel before it could sink its poisonous fangs into his flesh. He would not stop out of the way and temporize with the danger. And yet how many people are there who temporize

with a still more deadly enemy—consumption. Like a silent serpent, it glides along unnoticed. First a cold, or sore throat, then a heavy cough, then asthma, then bronchitis, then pneumonia, and finally death. The way to crush out the threatening evil is to fortify the system and purify the blood with Dr. Pierce's Golden Medical Discovery. Every weakness and abnormal condition that precedes consumption is cured by this non-alcoholic remedy. At the first sign of derangement of stomach, liver and blood, look out! It is only a question of time until the lungs will be attacked through the impure blood, and then the danger will be most deadly.

It should be known to every sick person that Dr. B. V. Pierce will give carefully considered, fatherly, professional advice by mail to all who write him at Buffalo, N. Y. No charge or fee of any nature is asked.

Mr. Moses Hopper, of Stahlstown, Penna., writes: "Last fall I took a severe cold (the result of wet feet) and this brought on catarrh and bronchitis which lasted all winter. I used three bottles of Dr. Pierce's Golden Medical Discovery and two or three vials of the 'Pleasant Pellets' also one package of Dr. Perry's Catarrh Remedy. I am now cured. Many thanks to you."

An honest dealer will not try to persuade you to take a worthless substitute in place of the "Golden Medical Discovery" for the sake of a little added profit.

AMUSEMENTS

A PLAY OF GENUINE VALUE

"At Cripple Creek," a play of genuine value and simple homely qualities that are at once elevating and uplifting will be presented by E. J. Carpenter at Steward's Opera House, Friday, Jan. 5.

This piece is the best work of Hal Reid, a noted play-wright, and has been pronounced by leading critics to be Mr. Reid's masterpiece, and also the strongest and most interesting portrayal of life in the Rockies that has been given to our stage. It is climactically handed; the motives are cleverly blended and the heart interest is enthralling. The piece contains many scenes of tender beauty; abounds in stiking effects and stirring situations. A car load of handsome and elaborate scenery is carried for this production and each of the four acts are staged in the most elaborate and complete manner, the third act is particular being the most complicated and heaviest ever provided for a drama to be taken entour.

BRITT-NELSON PICTURES

Judging from the clearness and perfection of the Britt-Nelson fight pictures, the air of California must be unequalled for photographic purposes. Climate, atmosphere and sunlight have a great deal to do with the clearness and beauty of such pictures. No such pictures as the Britt-Nelson series have ever been shown before, and the atmospheric conditions must have had a great deal to do with

GEORGIA HARPER PERFORMANCE

The performance given last night by the Georgia Harper company last night was certainly a success. The play was a comedy in three acts entitled, "A Gay Deceiver." The theme was that a Grecian statue left in the care of Peter Amos Dunn came in contact with an electric wire and came to life while Mr. Dunn's family was at the theatre. How to explain the presence of this young woman caused Mr. Dunn some inconvenience and Mr. Joseph Detrich as Mr. Dunn, acquitted himself very favorably in his efforts to outdo Ananias, Miss Harper as Niobe, the statue, was exceptionally fine. The whole performance was well given, each member of the troupe being capable of handling their part in a creditable manner. The Howards in song and dance sketches were also pleasant features of the performance between acts.

Tonight the great German problem play, "Magda" will be given. This afternoon a matinee, "Happy Hooligan," was given.

OREGON RECEIVES GOOD SUM FROM THE HUNTERS

State Receives Over \$17,000 From Those Who Delight in Spending Their Vacations With Gun and Dog After Oregon Game

Game Warden J. W. Baker's annual report shows that 17,000 of the inhabitants of Oregon are hunters, not taking into consideration the farmers who hunt over their own lands, and are, therefore, not required to pay the yearly tax of \$1. Fees received amounted to \$17,421, some of which came from nonresident hunters, who paid \$10 for the privilege of killing wild game in the state; \$166.40 was collected as fines for hunting without a license. The game warden expended \$7262.25, leaving a balance of \$10,325.15. This will be available at once for deputies as soon as necessary. From the general appropriation fund, the warden received \$1662.78 for salary and traveling expenses and \$2499.88 was used for salaries and expenses of deputy wardens, making a total expenditure for the year of \$11,421.01 for the protection and propagation of game. Violations of the law have been less frequent this year than for some time, but justices of the peace are not inclined to impose severe penalties. Eighty-four persons were convicted and fined for violation of the game laws, the fines averaging \$15.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure
