

INVEST NOW

YOU SHOULD STOP AND CONSIDER
— THIS IS A HOME ENTERPRISE —

Aurelia Mining Company stock is selling fast. Manager reports a good strike in the west drift. Work progressing nicely at the property.

We have some stock for sale yet at 5c per share, but at the present rate 5c stock will soon be gone. Those that may want some stock better buy during January, as the price will be advanced to 7 1/2 cents on February 1st 1906

You can buy stock, pay one-fifth down and one-fifth per month until paid. If you are a little short of money take some stock anyway, no matter how little, all will help to develop the enterprise.

J. A. THRONSON.

AURELIA MINES

Look up the ad of the Aurelia Mining Co. You should figure on a small purchase in this investment. Seems to us that a small purchase in this mine is better than buying from outsiders. A home enterprise, and one we are all acquainted with. This stock should all be held in this county. The price will be raised on Feb. 1st. 1906.

DR. OSLER ON DRUGGING

SELECTED OPINIONS BY DISTINGUISHED
PHYSICIAN ON THE MERITS OF
MEDICATION IN DIFFERENT
DISEASES

Often this journal has noted the fact that high grade physicians of every school are depending less and less upon drugs for the cure of disease; and William Osler M. D. without doubt the best known medical practitioner in the world to-day, is one of the leaders in the movement for better methods. Dr. Osler was recently honored by being chosen as Regius Professor of Medicine at Oxford, England, and left this country a few weeks ago to assume the duties of his new post. His "Text book of the Theory and Practice of Medicine" is now regarded as an authority and the quotations following are from its pages. It will be noted that the chief curative agencies recommended rest, exercise, hydropathy, hot and cold applications, and diet regulation. Osteopaths employ each of these helps as required, and have the additional advantage, because of special training which other physicians do not receive, of being able to detect and correct anatomical misadjustments which are almost always the original causes of diseased conditions. It should be stated, too, that they are frequently able to cure diseases pronounced incurable and that no Osteopath will agree for instance, with Dr. Osler's assertion that paralysis is incurable,—too many cases have been cured by Osteopathy. The purpose of publishing the quotations which were originally selected from Dr. Osler's book by the Philadelphia Journal of Osteopathy, is simply to show what the highest medical opinion is as to the value of drugs in many diseases. We quote Dr. William Osler:

Typhoid Fever.—"The profession was long in learning that typhoid fever is not a disease to be treated mainly with drugs.

In hospital practice medicines are not often needed. A great majority of my cases do not receive a dose."

Scarlet Fever.—"Ordinary cases do not require any medicine.

Medicinal antipyretics (fever mixtures) are not of much service in comparison with cold water. Many specifics have been vaunted in scarlet fever, but they are all useless."

Measles.—"Confinement to bed in a well ventilated room and a light diet are the only measures in case of uncomplicated measles."

Whooping Cough.—"The medicinal treatment of whooping cough is most unsatisfactory."

Cerebro-Spinal Meningitis.—"The high rate of mortality which has existed in most epidemics indicates the futility of the various therapeutical agents which have been recommended."

Lobar Pneumonia.—"Pneumonia is a self-limited disease which can neither be aborted nor cut short by any known means at our command. Even under the most unfavorable circumstances it may terminate abruptly and naturally without a dose of medicine having been administered. There is no specific treatment for pneumonia. The young practitioner may bear in mind that patients are more often damaged than helped by the promiscuous drugging which is still too prevalent."

Diphtheria.—"Medicines given internally are of very little avail in the disease. We are still without drugs which can directly counteract the toxic albumins (poisonous and all skin eruptions; they know it will. Mrs. Grant Shy, 1150 E. Reynolds St., Springfield, Ill., says: "I regard it one of the absolute necessities of housekeeping." Guaranteed by Newlin Drug Co. 25c.

Erysipelas.—"The disease is self-limited, and a large majority of the cases get well without any internal medication. I can speak definitely on this point, having at the Philadelphia Hospital treated many cases in this way."

Rheumatic Fever.—"Medicines have little or no control over the duration or course of the disease. Salicyl compounds, which were regarded so long as specific, are not known to act chiefly by relieving pain. R. P. Howard's elaborate analysis shows that they do not influence the duration of the disease. Nor do they prevent the occurrence of cardiac complications, while under their use relapses are more frequent than in any other method of treatment."

A MODERN MIRACLE

"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. R. Hooper, Woodford, Tenn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched by her bed-side forty-eight hours; when, at my urgent request Dr. King's New Discovery was given her, and with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." 50c and \$1.00 at NEWLIN DRUG CO. THE DANGER TO THE CHILD

May be real or the snake may be a harmless one, but there is danger that menaces every child's life if the mother is deficient in womanly health and functional vitality.

Thousands of women have borne their sufferings and kept their troubles to themselves from motives of delicacy and feeble childhood has paid for it. Dr. Pierce's forty years ago, consulted Nature, and found that she had provided remedies in abundance for the cure of woman's peculiar ailments and weaknesses. He found that non-alcoholic glyceric extracts of Golden Seal root, Blue Cohosh root, Unicorn root, Blue Cohosh root and Lady's slipper root contained in just the right proportion, gave such surprising results that this compound soon became a standard favorite of life in the treatment of such cases. In a little time the demand for it became so great that he determined to put it up and provide for its general sale so that the multitudes needing it could readily supply themselves.

This is now known all over the civilized world as Dr. Pierce's Favorite Prescription, and its unparalleled record of hundreds of thousands of cures, in the last forty years, justifies all that can be said of it.

It is non-alcoholic, non-narcotic. It is safe and reliable for any woman, of any age and in any condition, to use.

Dr. Pierce's Pleasant Pellets—only one or two a day will regulate and cleanse and invigorate a foiled, bad Stomach, torpid Liver, or sluggish Bowels.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Over 1000 pages and illustrated. Address Dr. R. V. Pierce, Buffalo, N. Y.
