MARRIED YESTERDAY

HEDRICK-BALL—Thursday, Jan. 11.
At the home of Mr. and Mrs. Thomas Hedrick on Fir street, Mr. Oscar Hedrick of this city and Miss Lottie J. Ball of Oregon City, were united in marriage. O. H. King officiating.
The young people will make their home in La Grande.

MARRIED

HULL-CUNNINGHAM—In this city on January 12th, 1906, Mr. D. H. Hull and Cora M. Cunningham, of Union, by Judge M. A. Harrison, at his office in the county court room.

RESOLUTION

Be it resolved that the City Recorder be, and is hereby directed to notify the property owners abutting Washington Avenue, along the north line thereof, between Elm and Fir street, to construct along and upon said Avenue, abutting the said property, side-walks of the dimensions and character provided by ordinance.
And if said side-walks are not so constructed within 10 days from the date of this notice, the street superintendent be, and is hereby instructed to construct the same at the expense of the owners of the lots abutting said side-walks.
Passed by the Council of the City of La Grande, Oregon, on the 10th day of January, 1906.
Attest: I. R. Snook, Recorder of the city of La Grande, Oregon.
Dated this 12th day of January, A. D. 1906.

ALONG THE RIGHT WAY

Epilepsy is generally regarded as incurable and in some cases the belief is well founded. Yet is always worth while to have an Osteopathic examination. It is usually the case that Osteopathy can bring betterment and in not a few cases cure has been wrought by Osteopathic methods.

All kinds of partial paralysis resulting from the constant use of certain sets of muscles point to the probability of structural interferences with the nerves controlling the muscles at fault. In the treatment of these troubles, in which the inadequacy of medicine needs no demonstration, Osteopathy has made a splendid record. This applies to all the neuroses, including writer's cramp, telegrapher's paralysis, etc.

Osteopathy achieves excellent results in urinary troubles, as the restoration of structural order soon brings about proper functioning of the parts involved. The practitioner of Osteopathy is able not only to give speedy relief from immanitate pain and inconvenience, through his special manipulations, but usually is able to accomplish a final cure as well.

Neuralgia may be said to mean pressure on sensory nerves. The Osteopath removes the pressure and the result that must follow is obvious.

Don't let your face grow old, sallow hollow and wrinkled. If you care at all for beauty, take Hollister's Rocky Mountain Tea. 35 cents. Tea or Tablets. Newlin Drug Company.

WANTED—Dressmaking, sewing for children a specialty. Inquire Adeline Smith, 3rd and Adams.

STOCK HOLDER'S MEETING
Notice is hereby given that the stock holders of La Grande Real Estate Association will meet in the office of Wm Miller & Bro. on Monday, January 15th 1906, at 8 o'clock P. M. for the purpose of electing officers for the ensuing year, and the transaction of such other business as may come before the meeting.
Wm MILLER, President.

MORE LINES FOR O. R. & N.

Amended articles of incorporation were filed in Olympia Wednesday providing for the building of five branch line railroads in Washington, Oregon and Idaho by the Snake River Valley Railway Company, an auxiliary of the O. R. & N., or Harriman system.

The chief of these starts from the mouth of the Salmon river, where it flows into the Snake river, about 25 miles south of Lewiston, Idaho. The line then follows the valley of the Salmon river through Idaho and Lemhi counties, in Idaho, to the junction with the Lemhi river at Salmon, Idaho, in Lemhi county. It follows the Lemhi in a southeasterly direction across the Lemhi Indian reservation and touches Bannock Pass, on the Montana State line. There it will be only about 12 miles from the old Utah & Northern, between Dillon, Mont., and the Idaho-Montana line.

The new line traverses Idaho nearly east and west across the middle of the state, and by connection with the old Utah & Northern also provides a north and south route. The cross state section will evidently be nearly 500 miles long.

Another branch of the Snake River Valley Railway Company now proposed would connect with the O. R. & N. at or near Baker City, Ore., and would have a generally easterly direction, to a point on the Powder river, near Keating, Ore. It would then follow the Powder river to the constructed railroad of the O. R. & N. at a point between Telocaset and Haines. This road would make a loop from Baker City north nearly to Union, Oregon.

Another line proposed is to connect with the O. R. & N. at or near Milton, Umatilla county, Ore., and run southeasterly by the most eligible route to a point on the Grande Ronde river at or near Elgin, Ore. This will put Elgin on a through line instead of leaving it on the spur.

From a point at or near Bingham station, Umatilla county, Ore., connecting with the O. R. & N., another line would lead along the Umatilla river by the most eligible route to the summit of the Blue mountains. From the latter point it would lead to a point on the Grande Ronde river at or near Elgin.

GRAND OFFICERS AT BAKER

A letter to George W. Jett, P. S. R. D. D. G. C., District No. 12, of this city, from Grand Chancellor M. F. Davis, of Union, announces that together with a number of the officers of the Grand Lodge of Oregon, he will visit Eastern Oregon towns and has set the date of the district convention in District No. 10, on Saturday January 27, at Athens; in District No. 12 on Monday, January 29, at Baker City; in District No. 8, on Thursday, February 1, at The Dalles.

Grand Chancellor Davis on the visit to Baker City there will probably be present Supreme Representatives W. L. Bradshaw and Wm. M. Calk, G. K. R. S. L. R. Stenson; G. M. E. J. W. Maloney; G. I. G. L. Burnaugh; grand tribune, Frank T. Wrightman.—Baker Democrat.

MARRIED AT PORTLAND

Mr. S. M. Campbell of Baker County, Oregon, and Miss Dora B. Jett of Portland, were united in marriage at 6 p. m. on New Year's Day. The ceremony was performed by Rev. E. S. Muckley, pastor of the First Christian Church of Portland, and occurred at the home of Mrs. R. A. Nodine, the bride's aunt, No. 511 1/2 Gilliam St. Only a few guests, mostly relatives were present to witness the ceremony. Mr. W. B. Jett acted as best man and Miss Cora M. Nodine as bride's maid. A wedding dinner was served, after which Mr. and Mrs. Campbell left on the steamship Columbia for San Francisco, where they will spend several weeks. They expect to make their home in Baker County. Their many friends wish them their full share of prosperity and life's sunshine. The bride is a former resident of this city and favorably known.

HORSE STEALING CASE

Baker City, Or., Jan. 12.—Walter Gover, son of a wealthy and prominent rancher of Eagle valley, living some 30 miles from this city, has been arrested on information filed with District Attorney Lomax, charged with the larceny of a horse from Frank Baisley. Gover was placed under \$250 bonds to answer to the circuit court. Baisley, the prosecuting witness, was recently tried for horse stealing and acquitted, and it is thought that the present arrest was caused by the mixup over that affair.

WOOLEN MILL FOR BOISE

The Boise Chamber of Commerce is in receipt of a letter from a large woolen mills concern in the middle west, stating that a representative will be in Boise the present month for the purpose of making a proposition to move the mills to this city. The proprietors have been in correspondence with the chamber and with some prominent citizens for some time and have met with sufficient encouragement to think it advisable to look the field over.—Statesman.

HALF THE WORLD WONDERS

how the other half lives. Those who use Aucklen's Arnica Salve never wonder if it will cure Cuts, Wounds, Burns, Sores and all skin eruptions; they know it will. Mrs. Grant Shy, 1130 E. Reynolds St., Springfield, Ill., says: "I regard it one of the absolute necessities of housekeeping." Guaranteed by NEWLIN DRUG CO. 25c.

AMUSEMENTS

WEEK STAND

The Grace Johnson Company is booked to appear at Steward's opera house for a week stand beginning January 22.

HANFORD COMING

Charles B. Hanford's season has opened with even more than its customary promise. 'One by one the players who have been ambitious to follow in the footsteps of the great interpreters of standard roles have dropped away and applied themselves to endeavors which proved less exacting and in their case more remunerative. That great and inexorable censor public taste, proceeds gradually but relentlessly with a course of elimination which now leaves only as many recognized representatives of the classic drama as might be counted on the fingers of one hand. But for those whom the public finally accepts in this class of dramatic interpretation its rewards are liberal and secure. Mr. Hanford ends each season an augmented interest in the productions of the master-pieces of the stage, upon which he has lavished the experiences of many seasons.

BLOCK SYSTEM EFFECTIVE

Wells, Nev., Jan. 12.—Southern Pacific fast mail train No. 9, carrying the California and Oriental mail, was wrecked Wednesday night at a siding called Wright, about 40 miles east of here. The block signal system in use on the division saved the train crew and mail clerks. The westbound freight had stopped at a water tank at Lora, when two box cars and the caboose broke loose from the end of the train and started down a heavy grade to Wright siding, three and one-half miles away. The fast mail train was passing Wright at a high rate of speed when Engineer Noble saw the block signal display the red danger signal, indicating that something was on the block, and he stopped his train in obedience to the warning. He was none too soon, as the wild cars were heard coming down the grade. It was apparent that an accident could not be avoided and all the train men and mail clerks sought safety in the sagebrush, hence no one was on the train when it was struck. The impact was severe, but did not derail the mail train, though the runaway cars were smashed to slivers.

"UNITED OREGON" IS SLOGAN

"In opportunities" it can be said of the Pacific northwest that it is bounded on the north by the aurora borealis, on the south by the procession of the equinoxes, on the east by the rising of the sun and on the west by the day of judgement. Our forests are the greatest, our rivers and water power the mightiest, our grain yield the largest, our hop vines and wool the longest, our range cattle the fattest, our fruit the sweetest, our lands the cheapest, our women the healthiest and our appreciation of all this the smallest of any section of the world. We are not ingrates—we are apathists.

These words were spoken by R. R. Hoge, newly elected president of the Portland chamber of commerce, at its annual meeting and banquet last night in the rooms of the Portland Commercial club.

"United Oregon" was the slogan of the meeting, which was a very enthusiastic one, and the cry will be taken up by all true loving Oregonians.

TRIALS BEGIN NEXT MONTH

The middle of February will not go by without the resumption of the Oregon land fraud cases, irrespective of whether or not Mr. Hermann is tried in Washington. United States District Attorney Bristol is now at work preparing to begin his onslaught upon the long list of cases upon the docket in Judge Wolverton's court. Judge Hunt will be in Portland during the early part of the coming month, when the trials will begin once more.

What case will be first on the list is not known and will not be until close to the date set for the hearing. Beyond the statement by Mr. Bristol that Mr. Hermann will be in all likelihood be the first man brought before the Oregon court in the event of his not coming to immediate trial in Washington. No intimation has been made of the order of the Oregon cases. The only thing certain is that a beginning will soon be made.

EXPELLED FOR DRUNKENNESS

Walla Walla, Wash., Jan. 12.—Four students were today suspended from Whitman college indefinitely before the assembled students of Billings hall, for frequenting saloons and drinking therein. They are Clarence Morrow, Robert Fancher, Ora Holdman and Zenith Lockwood. Saturday night all were down town drinking in saloons. Later they entered a public dance hall. A disturbance started and a fight followed in the street below, which was broken up by officers. Prominence to the street row was given by the story in the morning paper, injuring the name of the college. When facts were conclusively proven at the college, only one course was open, and that for the students to leave school.

BIG REDUCTION SALE ON ALL CHRISTMAS GOODS IS NOW ON AT HILL'S DRUG STORE

LA GRANDE, OR

CHEAP MILK OR MILK CHEAP, WHICH?

Are you buying your milk cheap or are you getting cheap milk? That is the question which every consumer should consider before buying. There are five properties contained in milk, viz: ash, or bone material, casein or curd, butterfat, sugar, and water, in proportion of 3 of 1% ash, 3.5% casein, 4% butterfat, 5% sugar, 87% water. Now there are 18% solids and 82% water in a 4% milk, that is in milk containing 4% butterfat. This ratio holds good whether of a high or low test, i. e. if you have a milk testing 5% the other solids will be increased in proportion, if a 3% they will decrease in like manner. Now the solids are what is, or what should be considered in buying milk, as the water can be had for the pumping. Now let us consider for a moment before we buy whether we are paying a high or low price for these solids. A 3% milk contains 9.75% solids and 90.25% water, a 5% milk contains 16.25% solids and 83.75% water. Now if a 3% milk is worth \$1.50 per quart per month, what should a 5% sell for? Let's see, if we pay \$1.50 for milk containing 9.75% solids, at the same price milk containing 16.25% solids should sell for \$2.50, or you can to every three quarts of 3% milk add two quarts of water, making 5 quarts of 3% milk, i. e. three quarts of 3% milk is equal to five quarts of 5% milk, at the present price 5 quarts of 3% milk @ \$1.50 = \$7.50; three quarts of 5% milk @ \$2.00 = \$6.00, i. e. you are getting the same amount of solids for \$6.00 in a 5% milk that you get in a 3% milk for \$7.50. Are you getting your milk cheap or are you getting cheap milk, which? SPRING BROOK DAIRY SELLS 5% MILK
