AMUSEMENTS

GRACE JOHNSON COMPANY

An attraction of more than ordinary
note commences an engagement at the
Steward theater next Monday evening.

The Grace Johnson Company is an or-
ganization composed of artists of ability,
headed by Miss Grace Johnson, a leading
lady who has been connected with some
of the best stock companies in the country.
She is supported by an excellent company
of artists, carefully selected for their various
parts.

The Grace Johnson Company presents
a series of royalty plays, with special
scenery surpassed by no stock company
traveling, and a class of plays that appeal
to the taste of people who enjoy clean
wholesome comedy and drama.

This company comes very highly recom-
mended, and there is a treat in store for
the theatre going people of this city.

LOST MONEY ON PANAMA CANAL

San Francisco, Jan. 20.—Pacific Mail
officials, it has just recently been learned,
have been losing thousands of dollars on
the traffic to Panama. The company put
into effect a stevedore rate of \$50 to the
isthmus and \$40 to New York. It is
now found that a large number of travel-
ers to the isthmus have been buying
through tickets to New York.

The Pacific Mail practice was continued
six months before it was realized what
was being done. By that time they had
lost a goodly sum in revenue. They have
put a stop to this by exacting the \$50
rate to New York, giving a rebate of \$10
to the party on arrival there.

The Pacific Mail is therefore in the
rebate business and is now the only
transportation company engaged in domes-
tic traffic that is known to paying re-
bates. As it is not subject to the inter-
state commerce law it cannot be molested
in the rebate scheme.

NOTICE OF ESTRAY

Notice is hereby given to whom it may
concern that on or about the 29th of No-
vember, 1905, one yearling steer came to
my place. Said animal is red spotted
with white, has unreadable brand on left
hip, left ear underbit, right ear points out
off and split. Said animal came down
with my cattle from the hills. Owner
can have same by calling at my place,
we and one half miles east of Island City
and paying charges and proving property.

"Death was fast approaching," writes
Ralph F. Fernandez of Tampa, Fla., de-
scribing his fearful race with death, "as
a result of liver trouble and heart dis-
ease, which had robbed me of sleep and
of all interest in life. I had tried many dif-
ferent doctors and several medicines, but
got no benefit, until I began to use Elec-
tric Bitters. So wonderful was their ef-
fect, that in three days I felt like a new
man, and today I am cured of all my
troubles." Guaranteed at Newlin's Drug

SOMEWHAT MIXED

Dr. Mudge, an American clergyman,
was one day presented with a gold-head-
ed cane by some of his admirers. Dur-
ing that week also a new patent pig-kill-
ing and sausage-making machine was
tried in the same city. The reporter or
the compositor must have got the copy
somewhat mixed, for this is how a notice
of the presentation appeared in the local
paper:

"Several of Dr. Mudge's friends called
upon him yesterday, and after a brief
conversation the unsuspicious pig was
seized by the hind legs and slid along a
beam until he reached the hot water
tank. His friends explained the object of
their visit, and presented him with a very
handsome gold-headed butcher, who
grabbed him by the tail, swung him
around, slit his throat from ear to ear,
and in less than a minute the carcass
was in the water. Thereupon he came
forward, and said that there were times
when the feeling overpowered one; and
for that reason he would not attempt to
do more than thank those around him, for
the manner in which such a huge animal
was cut into fragments was simply as-
tonishing. The doctor concluded his re-
marks when the machine seized him, and
in less time than it takes to write it the
pig was cut into fragments and worked
up into delicious sausages. The occasion
will long be remembered by the doctor's
friends as one of the most delightful of
their lives. The best pieces can be pro-
cured for tenpence a pound; and we are
sure that those who have sat so long under
his ministry will rejoice that he has been
treated so handsomely."—Tit Bits.

BURNS CELEBRATION

The Robert Burns Society announces
that it will celebrate the 147th anniver-
sary of the birth of the poet on Friday
evening, January 26th, with the usual
banquet and literary exercises. All
members of the society and those eligible
who wish to become members are re-
quested to register their names with the
Secretary, Wm. Grant, on or before
Monday, January 22d, and the men are
requested to pay their dues of \$1.00.
This rule is made necessary in order that
the committee on refreshments will know
how many to provide for whom to solicit.
This applies only to members living in La
Grande. All others can register on the
night of the entertainment. Better all
register at once and receive a card from
the Secretary which will admit yourself
and family. You can call up the Secre-
tary by telephone if you have not time to
call and see him.
By order of the executive committee.
WM. GRANT, Secretary.

"I suffered for nearly eight years," writes
Paul A. Patch, Esq., of Mobile, Ala., Deputy
Sheriff, "with malaria, which poisoned my
entire system and deprived me of my vi-
tality. I was cured in three months by using
Dr. Pierce's Golden Medical Discovery. I
know it was largely due to neglect and I
paid little attention to my trouble until I
began to do something at once to regain my
health. I began to feel better within four
days after I used the 'Golden Medical Dis-
covery,' and after using nine bottles I was
restored to my usual health, feeling better
than for years."

The most valuable book for both men

MILK TALK No. 1.

CHEAP MILK OR MILK CHEAP, WHICH?

Are you buying your milk cheap or
are you getting cheap milk? That
is the question which every con-
sumer should consider before
buying. There are five properties
contained in milk, viz: ash, or bone
material, casein, or curd, butter-
fat, sugar, and water, in proportion
of 3 of 1% ash, 5.5% casein,
4% butterfat, 5% sugar, 87%
water. Now there are 15% solids
and 85% water in a 4% milk, that
is in milk containing 4% butterfat.
This ratio holds good whether of
a high or low test, i. e. if you
have a milk testing 5% the other
solids will be increased in propor-
tion, if a 3% they will decrease
in like manner. Now the solids are
what is, or what should be consid-
ered in buying milk, as the water
can be had for the pumping. Now
let us consider for a moment be-
fore we buy whether we are
paying a high or low price for these
solids. A 5% milk contains 9.75%
solids and 90.25% water. A 5% milk
contains 16.25% solids
and 83.75% water. Now if a 3%
milk is worth \$1.50 per quart per
month, what should a 5% sell for?
Let's see, if we pay \$1.50 for milk
containing 9.75% solids, at the
same price milk containing 16.25%
solids should sell for \$2.50, or you
can to every three quarts of 5%
milk add two quarts of water,
making 5 quarts of 3% milk, i. e.
three quarts of 5% milk is equal
to five quarts of 3% milk, at the
present price 5 quarts of 3% milk
@ \$1.50—\$7.50; three quarts of
5% milk @ \$2.00—\$6.00, i. e. you
are getting the same amount of
solids for \$6.00 in a 5% milk that
you get in a 3% milk for \$7.50. Are
you getting your milk cheap or are
you getting cheap milk, which?
