TO BEGIN GOOD ROAD CAMPAIGN

(Observer Special)
Washington, Jan. 29—Good roads in the West, especially the Northwest, will be discussed more the coming few months than ever. In this movement Oregon and Washington have front place. The first demonstrations to be made will be in these two states. Senator Fulton and Samuel Hill have completed arrangements for the two miles of experimental highway, which will be built in Pendleton and Salem at an early date. Mr. Hill, who is president of the Washington Good Roads Association, and second official in the national bureau of good roads, will attend in person the Oregon work, bringing six to seven experts, three carloads of machinery and will see that the work is done according to the standard established by the good roads people throughout the country. He asked Senator Fulton to interest the people of his state in the demonstrations, and secure the largest possible attendance, which the senator agreed to do. As soon as the date of the work is known, the senator will publish the fact widely, and urge the county commissioners of every county of the state to be present at one or the other of the places when the mile of road is being built. The effect of this good roads campaign is already assured wide benefits. Senator Fulton has become one of the most eager champions of the work, and is gathering for consideration important figures on what it means to his state. Owing to the radically climatic conditions on the two sides of the Cascade range, he believes his state offers an admirable field for tests. Mr. Hill, while a citizen of Washington, is very familiar with conditions in Oregon, and has been impartial in his work to help both states at the same time.

STATE PRINTER WHITNEY

J. R. Whitney, State Printer, of Salem, is in La Grande shaking hands with friends and becoming acquainted with the people. Mr. Whitney's home is in Albany, Linn county. He is serving his first term of State Printer, and following the well known custom of the Republican party that when a state officer performs his

duties acceptably he is given a nomination. Mr. Whitney is a candidate for a second term. His administration of the office has been satisfactory and there is a general feeling that he is entitled to a re-nomination.

Mr. Whitney is a noted Oregonian, is a graduate of the University of Oregon and has been engaged in the newspaper and printing business all his life. He is experienced in the printing business and has conducted the state printing office in a creditable manner. He has many friends in Eastern Oregon who will be glad to see him nominated.

NOTICE TO BRIDGE BUILDERS

Sealed bids will be received by the county courts of Union and Wallowa counties of Oregon, up to noon, February 7, 1906, for the construction of a bridge across the Wallowa river, according to plans and specifications on file in the Clerk's office of each of said counties.

Bids for the abutments and approacher must be separate from the bridge proper. Certified checks for 20% of the amount of the bid must accompany the same, as a guaranty that a contract and bond will be entered into to build said bridge, or abutment and approaches at the case may be, according to said plans and specifications.

Said courts reserve the right to reject any and all bids. J. B. GILHAM, County Clerk of Union county, Oregon.

WARD OFF DISEASE

By fortifying your system with a reliable blood medicine. An alcoholic stimulant would do more harm and the reaction would leave you weaker than good food from it would leave you stronger. Complete restoration than ever before.

With stomach and blood in good order you can fight the battle of life successfully against all odds. Golden Seal, Root (Ginger) and Quinine, is a famous remedy for dyspepsia and Quinine Root (Santalum) has a direct action on the renewal of blood. Both of these are used in Dr. Pierce's Golden Medical Discovery as a way to get a healthy circulation, and to get rid of all the bad blood that is in your system.

Many cases of actual practice convinced Dr. Pierce of the value of manna root as medicinal agents and went to great pains to both in time and money, to perfect his own potent remedy for restoring them both, and to get for continuous use as tonic and rebuilding agents.

The universal popularity of "Golden Medical Discovery" is due both to its scientific composition and to the actual value of the ingredients. The publication of the names of the ingredients on the wrapper of every bottle, together with full directions, is a guarantee of its non-alcoholic character and removes all objection to the use of a "pale" remedy.

The Original LITTLE LIVER PILLS, first put up by old Dr. R. V. Pierce over 30 years ago. Made balanced, but never equalled. Little pills, little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

CLEANLINESS
An milk is the natural food for the young, containing within itself all the requirements of the body, and as any adulteration is injurious to the system, (either from absorption or otherwise) therefore the health of the consumer, and especially, the young, depend to a great extent upon those who handle the milk. And as there are so many ways in handling the cow as well as the milk after being drawn from the cow. Every consumer should visit the place from whence he gets his milk (no matter if it is surrounded by a high board fence) and see how the cow and the milk are handled before using it as a food for the baby.

A Creeping Death.
Blood poison creeps up toward the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, sealed the wound, and saved his life. Best in the world for burns and sores. 25c at Newlin's Drug Store. BRICK BRICK
