SOME RICE GROWN IN THE U. S.

Probably no other crop grown in the United States shows a more rapid change in its commercial aspect, within the past few years, than does rice. Its cultivation confined largely to Texas, Louisiana and the Carolinas, this staple product of warm climates does not receive the general attention in the United States the public gives to many other crops. Within a period of ten years, exports of rice from the United States have jumped from almost nothing to an annual valuation of \$5,000,000. At least, our foreign shipments of rice last year exceeded that sum. Thus for the first time in its history the United States exported more rice than it imported. It is significant that while exports are expanding, the tendency is for imports to lessen, showing that growers in this country are making progress in supplying the home demand for rice as well as building up a substantial outside trade.

Following table gives the import and export value of rice imported into the United States and exports from this country for a series of years. It will be noted that export figures include shipments to Porto Rico, Hawaii and Alaska, which dependencies last year brought more than 40% of our total rice exports:

OUR FOREIGN TRADE IN RICE

Fis year	Imports val	Exports val
'04-5	\$2,010,900	\$5,561,600
'05-4	3,072,400	2,790,500

RUN DOWN AND NERVOUS

Vinol Restored the Health of Miss Blair, President of Sophomore Club.

Mr. Newlin of the Newlin Drug Co. says, "Many people right here in La Grande are just in Miss Blair's condition, all run down, hardly able to drag about, and don't know what ails them."

"This condition is probably caused by a cold or cough which is hard to cure, overwork, or too close confinement to business. Such people need Vinol. We guarantee

MISS ROSE BLAIR.

that it will cure them and build them up, or return money wherever it fails, and the following letter is only one of many showing what Vinol will do."

Miss Rose Blair, president Sophomore Club, Kansas City, Mo. writes:

"Last spring I was all run down, nervous and irritable. I lost my appetite and could not sleep. I tried many medicines without any benefit. Your cod liver preparation, Vinol, was recommended, and it certainly worked wonders for me. It was delicious to take and not at all like the greasy cod liver oil and emulsions I was used to. Vinol gave me a hearty appetite and restored me to perfect health and strength. I consider Vinol a wonderful remedy."

Vinol cures conditions like these because it contains every one of the curative medical elements found in cod liver oil without a drop of the useless oil to upset the stomach and retard its work, and it strengthens every organ in the body.

We ask every run-down, nervous, debilitated, aged or weak person in La Grande, and every person suffering from stubborn colds, hanging on coughs or bronchial troubles to try Vinol on our guarantee to return money if it fails."

SORES-ULCERS THE BLOOD DISEASED -SYSTEM DISORDERED

When a sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause. The blood absorbing the waste matters becomes steeped in poison which finds an outlet through the Sore or Ulcer, keeping it inflamed, painful and festering. As the blood constantly discharges its poison into these places, they eat deeper into the surrounding flesh and tissues, growing larger and more offensive in spite of all the sufferer can do, until the entire health is affected. Washes, salves, powders and such treatment are desirable for the reason that they are cleansing and also help to relieve the pain, but they act in no way curative. The blood is filled with poison, and until it is removed the sore cannot heal. S. S. S. is the only cure for these evidences of impure blood. It goes down to the root of the trouble and cleanses the circulation of all poisons and impurities. S. S. S. enriches the blood and reinvigorates the different members of the body so that the impurities and waste matters can pass off as nature intended. Then the discharge ceases, the sore scabs over, new flesh is formed, and the place heals permanently. ok on Sores and Ulcers and any medical advice you need without charge
