LA GRANDE IRON WORKS

D. FITZGERALD, Proprietor.

Complete Machine Shops and Foundry

General Blacksmiths. We manufacture The Fitzgerald Roller Feed Mill, the best and cheapest mill on the market. Our shops are equipped with machinery to handle any sized work, nothing too large or nothing too small. Highest prices paid for old iron.

CLEANLINESS

As milk is the natural food for the young, containing within itself all the requirements of the body, and as any adulteration is injurious to the system, (either from absorption or otherwise) therefore the health of the consumer, and especially the young, depend to a great extent upon those who handle the milk. And as there are so many ways in handling the cow as well as the milk after being drawn from the cow. Every consumer should visit the place from whence he gets his milk (no matter if it is surrounded by a high board fence) and see how the cow and the milk are handled before using it as a food for the baby.

LA GRANDE SCHOOL OF MUSIC

PROF. DAY, PRINCIPLE. MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments: No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 2 to 5. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

Opposite the Foley House over the candy store. Phone. 475.

IS NOT AGAINST LA GRANDE

Hon. John L. Rand writes a prominent citizen in La Grande the following letter, which speaks for itself.

"I have been informed that it is being circulated in La Grande that if I am elected to Congress, I would oppose La Grande's interest and would be in favor of removing the land office.

I wish to assure you and through you all my friends there, that if I am elected to Congress I will not be in favor of anything of the kind and that I will oppose the removal of the Land Office from La Grande to Baker City or any other place, regardless of whoever is in favor of its removal, of this you can feel perfectly assured.

I do not know that it is necessary for a man to deny all the ridiculous assertions that are made, but I want the people of La Grande to understand that if I am elected to Congress, I will be their friend at all times and in all things and I think they know it, without any assurance from me.

With kind regards, I am,
Yours very truly,
JOHN L. RAND."

FOR OREGONIAN TRIP

T. M. Brinkman, representing the Portland Oregonian, is in the city a few days arranging matters in connection with the contest of that paper for sending 25 young ladies on a 15 day trip to Yellowstone National Park in July of this year.

Miss Allie Stephens is so far the only candidate who has accepted the nomination from La Grande, which is district No. 11. The ballot box for receiving the votes is at the store of Jay Van Buren. The contest closes June 1 and the highest in each district gets the trip. The full returns of the voting and all particulars of the contest will appear in the Oregonian on each Wednesday and Saturday.

PALOUSE SQUIRRELS OUT

Pullman, Wash. Feb. 8.—Ground squirrels, the sure harbingers of spring, are out of their holes, and squirrel shooting is the vogue. For a week the weather has been warm, with bright sunshine during the day. A few farmers have begun plowing. A large crop of spring grain will be planted. More snow has fallen in the Palouse country during this winter than for several years, and the ground is well soaked.

COMBINATION CARS

On March 1 the Pullman car will be taken off the Pendleton-Spokane runs on passenger trains Nos. 7 and 8, and a combination dining and parlor car will be put into service instead, if present plans of the O. R. & N. officials are carried out.

A. L. Craig, general passenger agent of the O. R. & N. system, is now planning to install this new service and if the cars can be completed in time the change will be made.

These elegant parlor and dining cars will be models of convenience and attractiveness and will be welcomed by the public which uses this train. The cars will be equipped with kitchen, dining room, buffet apartments, observation room and parlor and will be unlike any cars now in service in the west.

The Pullman which has been in service on this line for the past 18 months, has been extensively patronized and the new service will be even more convenient and practical for a daylight run.

WHAT IS TO BECOME OF HIM

(Continued from Page 1.)

That little white bundle of feline trustfulness has been his sole comfort and cheer during the sixty five days which Johnnie Bartelbaugh has been confined in the county jail.

During this time the father, though residing at Elgin, only twenty one miles distant, has never called to see his son, nor has he even so much as written to the feline and frightened boy, or in any other way expressed any desire to know how he was getting along. Johnnie did not expect his father to do otherwise, but he still had faith in his mother, and promptly wrote to her notifying her of his situation. The mother answered the letter and expressed her sorrow for him. Though this letter brought tears to his eyes, it was a source of great relief to him and he held many friendly conversations with the cat in which he expressed confidence in the power of his mother to assist him. He answered this letter and with great pains and care explained his true condition and then waited for the reply. He is still waiting. The mother who resides in Walla Walla, has other children to interest her and Johnnie has become a thing of second consideration, Johnnie had great faith in his mother and each morning when the sheriff would appear at the cell door and announce "No letter for you today, Johnnie", the picture of despair which was depicted upon the boy's pale, wan face was sufficient to cause the officer to turn away to hide a tear, and wonder what sort of a mother was Johnnie's. Johnnie would turn and pick up the little white kitten, his only friend, and bury his face in its soft fur, murmur "It's all right Lazy. Mama is busy, but you bet we will get a letter tomorrow and then things will look better." Johnnie still sits in his iron bound cage, wondering what the judge will do. His training has been such that to use his own words he "don't care much anyhow, but I wonder what will become of Lazy."

A HUNTINGTON ADVOCATE

For twelve years I lived in Idaho, at Boise, the capital of the state, and know well the conditions before the ballot was given to women, and the conditions since women have taken an active part in the political questions of the state. I have studied these conditions carefully, and have no hesitation in affirming that from every point of view there has been a marked improvement in handling our political problems.

Today neither of the old parties dare nominate for an important office in the municipality or the state, a man whose life is reputed to be impure or immoral. They have learned that the women cannot be held in line, even with the party whip. And before the women were voters the immorality of a man was no good reason, to either of the parties, why he should not be nominated for office.

Since the ballot has been given to our women, they are more intelligent on the social, economic, industrial, and political questions, before our people, and I believe they vote more conscientiously than the men.

The polling places on election day are quiet and orderly, and women, even the most fastidious, find absolutely nothing objectionable where they thought it would be so disagreeable and trying.

In Idaho after several years of experience we are eminently pleased with Woman Suffrage.

R. B. WRIGHT, Huntington, Oregon.

STOCKHOLDERS' MEETING

The annual meeting of the Stockholders of the La Grande Masonic Building Association will be held at the office of Turner Oliver, at 2 o'clock p. m., Feb. 19th, 1908 for the purpose of electing a board of five directors, and the transaction of such other business as may come before the meeting.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.
