heart, causing death. J. E. Stearns,

healed the wound, and saved his life.

**COURTS MUST
APPOINT**

Attorney General Crawford has ren-
dered an opinion holding that it is manda-
tory upon county courts to appoint
county health officers under the provi-
sions of the act of 1905. That act de-
clares that the county judge and com-
missioners shall constitute a county
board of health and shall employ a sec-
retary, who must be a graduate of a re-
putable medical college and a regularly
licensed physician. The secretary shall
be the health officer of the board and
shall receive from the county quarterly
1 1/2 cents per capita for the population of
the county up to 50,000 people, the pop-
ulation being determined by multiplying
the number of children of school age by
four.

At this compensation will amount to
6 cents per capit per year, the office
created by that act will be desirable
one in a number of counties of the state.
The same act requires the city council of
every incorporated town to employ a
health officer at the same rate of com-
pensation.

No county can pay its health officer
less than \$100 a year, and no city or
town less than \$10. So far none of the
counties seem to have paid any attention
to the law, but as this opinion was ren-
dered at the request of the secretary of
state and board of health, it is probable
that county courts will be compelled to
observe it.

Attorney General Crawford says that
mandamus proceedings can be brought to
compel county courts to act the law.
The duty of the health officer is to keep
vital statistics, see that regulations of the
state board of health are observed, and
look after the general health conditions
of the county or city.

WILL LICENSE ITINERANTS
Upon a petition presented to the county
court of Umatilla county, the court has
made the following order:

"It is therefore hereby ordered and ad-
judged by the court that the license fee
which shall hereafter be paid by peddlers,
hawkers and itinerant vendors who may
desire to peddle, hawk, vend or sell any
stoves, ranges, wagons, carriages, buggies,
carts, surreys or other kinds of four
wheeled or two wheeled vehicles or fan-
ning mills or similar goods, wares or mer-
chandise within Umatilla county, Oregon,
be and is hereby fixed at the sum of \$600
per calendar year, and that a license
shall not be issued for a shorter or other
period than one year.

It is further ordered and adjudged by
the court that license fee which shall
hereafter be paid by peddlers, hawkers
and itinerant vendors who may desire to
peddle, hawk, vend or sell any goods,
wares or merchandise except those sell-
ing products, shall be fixed at the sum of
\$10 per quarter; and that no license shall
be issued for less than one quarter."

This act should be commended by the
people of Umatilla county as the order of
the court will doubtless do much towards
protecting the citizens of the county from
the grafting peddlers and fakirs. The
county court of Union county would
doubtless make a hit with our people if
they would adopt the same measure. It
would not only protect the general class
of people but our merchants as well.

STOCK SHIPMENTS
Several stock shipments were made from
the local yards this week to Portland.
The shipments consisted principally of
cattle, which were brought from Wallowa
county. On Monday M. E. Hotchkies, of
this city, shipped three carloads of fat
steers, and Tuesday T. C. Benson, buyer
for the Union Meat Company, of Portland
made a shipment consisting of six car
loads. The steers had all been fed in
Wallowa county and were as fine a lot as
could be found anywhere.

Hector McDonald and W. A. Wren, of
Wallowa, shipped a carload of fine draft
horses Tuesday to Portland, and the fol-
lowing day Kiddie Bros. shipped a carload
of hogs to Pendleton.—Elgin Recorder.

A MODERN MIRACLE
"Truly miraculous seemed the recovery
of Mrs. Mollie Holt of this place," writes
J. O. R. Hooper, Woodford, Tenn., "she
was so wasted by coughing up pus from
her lungs. Doctors declared her end so
near that her family had watched by her
bed-side forty-eight hours; when, at my
urgent request Dr. King's New Discovery,
was given her, and with the astonishing
result that improvement began, and con-
tinued until she finally completely recov-
ered, and is a healthy woman today."
