ISLAND CITY ITEMS

Mr. W. H. Flannigan of Grants Pass, Lot Pierce of Salem, and J. Robinson of Eugene, grand officers of the Masonic lodge, viewed the business places of our little city Saturday afternoon. They, with F. H. Kiddie, were the dinner guests of E. E. Kiddie.

The new bell was placed in the belfry of the church Monday and the pulpit will soon be put in place. So step by step we progress.

Edna Huffman has been out of school the past few days on account of illness.

A goodly number of our people attended the "Taming of the Shrew" Saturday night, and were delighted with the performance.

The Epworth League gave a social Friday night, Feb. 9, at the home of E. E. Kiddie. A large crowd attended. There was plenty of amusement, and also good things to eat, for our girls know how to cook as has been proven before.

Mr. and Mrs. Courtney, who have been spending the winter in Wallowa county, are the guests of Thos. Wade and wife. They are on their way home, in Dakota.

Lot L. Pierce of Salem, stopped here Wednesday evening on the way from Elgin, looking out for his interests as candidate for the nomination as secretary of state, on the Republican ticket. Lot is renewing old acquaintances, as he was manager of the Knapp, Burrell Company, here in 1889.

QUOTATIONS ON GERMS

The present day fear of germs is just as foolish and superstitious as the ancient fear of devils.—Medical Talk.

The Germans have found an antitoxin for the laziness germ. They claim it will transform any man of sluggish habits into an energetic person to whom that "tired feeling" is unknown. This is the reduction of the germ theory to its logical absurdity. Germs are not the only cause of disease. Germs simply multiply in depleted or diseased tissues.—Saturday Evening Post

Osteopathy seals the fate of germs by restoring the proper circulation of the bodily fluids which alone are capable of repairing the diseased tissue. Does it not seem like the correct and rational method?—Right Way.

The doctor must come back to physical diagnosis, the treatment of disease by rational methods. This germ craze is bound to pass over sooner or later. But it will not pass away easily. The germ theory is the only hope of the political doctor. He must have the germs to carry on his pretense of protecting the people.—Medical Talk.

THE IRISHMAN AND THE MULE

General Phil Sheridan was at one time asked at what little incident did he laugh the most.

"Well," he said, "I do not know, but I always laugh when I think of the Irishman and the army mule. I was riding down the line one day when I saw an Irishman mounted on a mule which was kicking its legs rather freely. The mule finally got its hoof caught in the stirrup, when in the excitement, the Irishman remarked: "Well, begorra, if you're goin' to git on I'll git off"

FOR ATTORNEY GENERAL

George H. Durham of Grant's Pass has filed notice of his intention, with the Secretary of the State to become a candidate for Attorney-General on the Republican ticket. Until quite recently there was no intimation from any source that Attorney-General Crawford would have any opposition.

WINTER ECZEMA SKIN HARD AND DRY

Some skin diseases are active in Summer, while others wait until cold weather to manifest themselves. Winter Eczema sleeps in the system through the long hot months, and gives no sign of its presence; but at the coming of Winter the trouble asserts itself and it becomes one of the most painful and distressing of all skin diseases. The blood is filled with poisonous acids which seem to be excited by the cold; and as these are thrown off through the pores and glands, the skin cracks and bleeds, the flesh becomes hot and feverish and the itching intense. The natural oils which keep the skin soft and pliant are dried up by the cold, bleak winds, causing it to become hard and dry, giving it that shiny, leathery appearance, characteristic of the disease. The head, face, hands and feet are the usual points of attack, though other parts of the body may be affected. So painful and distressing is the trouble that the sufferer constantly "doctors" and treats it trying to get relief. Soothing washes, medicated ointments and salves are used, but aside from giving temporary relief they do no good. The cause is poisonous acids in the blood, and these must be removed before a cure can be effected. The only cure for Winter Eczema is S. S. S., the greatest of all blood purifiers. It cleanses the entire blood supply of the acid poisons and sends a fresh, healthy stream to the diseased skin, healing and softening it and curing the painful, itching eruptions. S. S. S. enters the blood and purifies it of all waste and foreign matter, and cures Winter Eczema—no matter as it is sometimes called—safely as well as surely; besides it does not contain any harmful mineral or derange or damage any part of the system.
