MILK TALK No. 2.

CLEANLINESS

As milk is the natural food for the young, containing within itself all the requirements of the body, and as any adulteration is injurious to the system, (either from absorption or otherwise) therefore the health of the consumer, and especially the young, depend to a great extent upon those who handle the milk. And as there are so many ways in handling the cow as well as the milk after being drawn from the cow. Every consumer should visit the place from whence he gets his milk (no matter if it is surrounded by a high board fence) and see how the cow and the milk are handled before using it as a food for the baby.

LA GRANDE SCHO 1 OF MUSIC

PROF. DAY, PRINCIPLE. MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 2 to 5. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

Opposite the Foley House over the daily store. Phone 473.

T. S. HANDSAKER, Gospel Preacher and Singing Evangelist. Mrs. HANDSAKER, Organist.

We present our readers with a likeness of Evangelist Handsaker and wife who are assisting in the special meetings in the Central Church of Christ.

Mr. Handsaker is an Oregon boy. He is a graduate of Drake University of Des Moines, Iowa, having taken the philosophical course also some special work. He has done evangelist work in Iowa, Kansas and Oregon, and though his face indicates

the young man, he has been preaching about twelve years. As an evangelist he has had success in building up churches and winning souls to Christ.

Mr. and Mrs. Handsaker have recently been in good meetings at the Daines, Hood River, Lostine and Enterprise. They will probably remain here at least a week or two longer and our people will do well to attend the services as frequently as possible.

A VERY PLEASANT EVENING

The annual social meeting of the Ladies Neighborhood Club was held last evening at the home of Mrs. Turner Oliver. The rooms were elegantly decorated with cut flowers, club colors and the dining room was lighted with wax tapers.

The committee on entertainment was Mesdames Carpy, Hays, Osburn, Hill Oliver and Miss Slater and they were the recipients of many compliments for their successful evening.

Mesdames Lyle and F. B. Currey were the first on the entertaining and instructive program of the evening in a piano and mandolin duet. Following was an address on Russian cities by Professor Hockenberry. Mrs. E. C. Moore, and Mrs. Merton Kiddle of Island City sang beautiful solos and Turner Oliver gave an address on the life of Peter the Great. Little Donald Guborn captivated those present by a declamation that would have done credit to one twice his age.

During the past year the Club has been studying Russia and as an interesting feature of the evening the names of the members' husbands were Russianized and placed on slips of paper and the contest was for each lady to pick out the name of her husband and escort him into the dining room where refreshments were in waiting.

The following was the list of the names presented for analysis and the answers:

Mr. Sellypillisky A. T. Hill
Dr. Telafonski G. C. Osburn
Mr. Mharryhoffmenny Rev E. B. Hays
Count Kaschski W. L. Branholt

The Ladies' Neighborhood Club has been in existence for the past ten or more years and each year they give a social to which the husbands are invited. While they have enjoyed many such, the one given last night adds another bright spot where pleasant memories will often return to the many whose good fortune it was to have been present.

A runaway engine at St. Louis plowed through three cars loaded with terra cotta. Every image and other article was broken.

Edward Small, aged 7 years, was smothered to death at Portland by a bank of earth caving upon him while at play at Clinton and Thirtieth streets.

KINDNESS APPRECIATED

Postmaster Coyne, of Chicago, has received a peculiar letter recently from two women in a small town in Michigan, coming as a result of a postal from the Postmaster asking the women to forward one cent each to supply postage on packages addressed to them. The letter was as follows:

My Dear Mr. Postmaster—Thank you so kindly for being so kind as to kindly say you would forward our mail if we sent a cent stamp each. We haint got no 1 cent stamp & cant get none nohow not have no horse & livin 6 mi from the village & feelen real poorly with the agur and rumatiz so we thot you would be so kind as to cut the two stamp in too woodant bother you only we are widders & haint got no men to do nothing for us dear Mr. Coyne it is so kind of you to such an interest in us as to tell us about those parcels & we will all think kindly of you. Your umball serfants.

P. S.—O! Mr. Coyne, please don't tell any one we wrote to you because we are very respectable.

Mr. Coyne, after reading the letter, remarked that he is unable to understand wherein it would be a mark against the respectability of the women to write to him, but he forwarded the packages.—Postmasters Advocate.

A NECESSITY FOR CHILDREN

Even the simplest machine requires occasional overhauling, that bent, loosened or worn parts may be fixed. Carelessness on the part of the machinist may soon ruin the machine. Just so, negligence on the part of the parents may ruin the body and life of the child. For example, the little bladder difficulties (for which the child is often scolded and even whipped) are the results of irritated nerves. These little annoyances are often, very often, the forerunner of the awful aches and pains common to adult females. Branches of the same nerves which supply the bladder go to the female organs. If the point of irritation of the nerve is back of the point of division, (which is usually the case), female troubles are almost certain to follow at the development time.

The displacements which cause the diseases of childhood are easily removed in childhood, and then nature quickly recovers. Just as a machine is easily repaired at first, so is the body. The Osteopath finds this childhood work one of the most helpful fields in relieving and preventing suffering.

Sparks from a freight engine are said to have started a fire which caught in the O. R. & N. bridge across the Sandy river, near Troutdale. Its timely discovery by a construction gang averted a possible disaster.

George Drew, of Portland, was stealing a ride in a coal car on the Southern Pacific and when asleep either fell overboard or walked off in his sleep, near Roseburg. He was painfully, though not dangerously hurt.

It is semi-authoritatively stated that the Portland General Electric company has fallen into the hands of Standard Oil people. It was lately learned that two of its directors, chosen recently, are also directors in the Standard Oil.

NEW TAILOR SHOP

I desire to inform the public that I have opened a tailoring establishment in the McKennon building, where I would be pleased to meet my friends and the public generally. My five year's experience in the city has been such that to many of the readers of the Observer I need no introduction, to others I only ask a trial order.

STRAY THOUGHTS

A light heart goes easily with a light purse.

The most sure success strategy is the loudest.

Motherhood is the grandest thing in nature.

No one appreciates dinner so much, as he who has gone without breakfast.

When it is necessary for a wife to go abroad complaining about her husband it is time for a divorce.

Discouragements only makes the brave more resolute.

Some people substitute ideas for reality and go thus through life hugging delusions. Some women would be like men yet if women were like men, love would die.

It is not wise to lose a friend or gain an enemy, for the mere pleasure of joke.

When a man commences to toboggan down the slide of misfortune, his neighbors will grease the way and kind strangers will assist his relatives to give him a push along in passing.

A MODERN MIRACLE

"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. R. Hooper, Woodford, Tenn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched by her bed-side forty-eight hours; when, at my urgent request Dr. King's New Discovery was given her, and with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." 50c and \$1.00 at NEWLIN DRUG CO. Trial bottle free.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weak, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Bottle bottle holds 50c. 10c. as much as the trial, or 20 cent. also.
