SHORT SKETCH OF THE LIFE OF THE HON. CHAS. A. JOHNS

Mr. Johns is Eastern Oregon's Candidate for Governor and Should Receive Loyal Support.

He is a native born citizen of the United States; forty-eight years old; in the prime of life and a type of the younger and progressive element in the Republican party. Is a pioneer of Oregon. Has resided twenty-nine years in the Willamette valley and eighteen years in Baker City. Graduated from the Willamette University with an A. B. degree in 1878; admitted to the bar in 1881. Has always taken an active interest in public affairs. Was elected mayor of Baker City in 1891, re-elected in 1892, and again in November 1904 by the largest majority any candidate ever received for that office. In June 1906 was elected school director for the fourth consecutive term and received every vote cast. Has always taken an active, personal interest in educational affairs.

Excluding saloons, he has the support and endorsement, without regard to party, of practically every business interest in Baker county. Is qualified by nature, learning and experience to fill that position. Has never been a factional man; is

not a factional candidate and would not be a factional governor. Has always been a Republican and a loyal supporter of its ticket and principles. His nomination would harmonize and unite the party and insure the election of a Republican governor. He is the choice of Eastern Oregon, which in the congressional election of 1904, cast nearly seven thousand more votes than Multnomah county. Baker county is one of the largest in Eastern Oregon, and in the whole history has never received any political recognition by the Republican party, either state or federal, by election or appointment.

Charles A. Johns has been a man of affairs in the history of the state and of Eastern Oregon in particular; his integrity has never been questioned; has a clean record and the support and confidence of the people. He is recognized as one of the leading lawyers of the state, and as a campaigner has no superiors and but few equals in the state of Oregon. No man ever had a stronger home endorsement.

BOY SENT TO PRISON FOR DERAILING TRAIN

Colfax, Wash. Feb. 22.—Upon your plea of guilty it is the judgment of the court that you are guilty and that you be confined in the county jail for one year.

Such was the sentence pronounced by Judge Chadwick this morning on William Bartlett and Loren Barnett, the two boys who tampered with the railroad switch at Shawnee siding on Friday last, and who were arraigned on the charge of malicious injury to railway structure. The two boys were immediately conducted back to the county jail by Sheriff Canutt and when he closed the heavy barred door on them they were heart broken and wept bitterly, seeming to realize for the first time the enormity of their offense.

Judge Chadwick, before pronouncing sentence, gave the boys some good counsel. He stated to them that under the law they could have been charged with attempt to murder and that the prosecuting attorney had dealt with them as

leniently as he could under the law by reason of their previously good characters; that for the same reason their sentence would be much lighter than it would otherwise have been, and that he gave them this sentence not so much as a punishment as it was to deter others from doing the same thing.

The boys could have been charged with two offenses—namely, with attempt to murder and with burglary, as the boys had opened a section house window and taken some matches.

Prosecuting Attorney Kipp says that he is sure there was no intent to derail the train, nor do anything further than to play a joke on the trainmen, as the boys had fastened the rails securely so they could not have turned. The sidetrack is a very long one at this place and there were no cars standing on it. The boys say they did not think of the danger of the train.

USED FORCE

Yesterday forenoon we were about scared out of our wits by an explosion in comparison with which the "grack of doom" will be as a popgun to a cannon. Many window lights were broken about town. Later it was learned that a man who was using giant powder to blow out stumps in the Taylor hop yard about a mile from town, in thawing the frost out of it, had a box explode. The man was about 50 feet away at the time and had a narrow escape for his life. As it was his clothes were badly torn and he was somewhat injured bodily. The windows in the Fischer mills were broken out.—Corvallis Gazette.

A Creeping Death.

Blood poison creeps up toward the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at Newlin's Drug Store.

OLD PEOPLE CONSTANT SUFFERERS IN WINTER

Most old people are great sufferers in winter. They are seldom free from pains or ailments of some description, because they are not as able to withstand the severity of the climate, with its damp, changing weather, as are their younger, more vigorous companions. Cold weather starts the old aches and pains; they suffer with chilly sensations, cold extremities, poor appetite and digestion, nervousness, sleeplessness and other afflictions peculiar to old age. With advancing years the strength and vitality of the system begin to decline. The heart action is weak and irregular, the blood becomes thin and sluggish in its circulation, and often some old blood taint that has lain dormant in the system for years begins to manifest itself. A wart or pimple becomes a troublesome sore or ulcer, skin diseases break out, or the slight rheumatic pains felt in younger days now cause sleepless nights and hours of agony. There is no reason why old age should not be healthy and free from disease if the blood is kept pure and the system strong, and this can be done with S. S. S. It is a medicine that is especially adapted to old people, because it is made entirely of roots, herbs and barks, selected for their purifying, healing and building-up properties, and is very mild and gentle in its action. S. S. S. warms and reinvigorates the sluggish blood so that it moves with more rapidity, and clears it of all impurities and poisons. As this rich, healthy stream circulates through the body every part of the system is built up, the appetite and digestion improve, the heart action increases and the diseases and discomforts of old age pass away. S. S. S. cures Rheumatism, Catarrh, Skin Diseases, Sores and Ulcers, and all troubles arising from diseased blood.
