AMUSEMENTS

The Russell-Drew company will play a three night's engagement at Steward's opera house starting Thursday, March 1.

The organization is one of the few legitimate companies playing the Northwest and recognized as one of the best, containing several artists of known ability.

Mr. Percy Hunting is well known throughout the country where he has essayed such difficult roles as "Dr. Jekyll" and Mr. Hyde in the well known play of that name. Mr. Hunting has also received some very flattering press notices on his rendition of Cardinal Richeleau. Among the other members of the company are Charles Mortimer, George Materson, David Williams, Miss Molsie Campton, Nellie Gerin and Clara Hamner. The balance of the company are thoroughly capable and up to the standard set by the management.

The prices of this engagement will be 20, 30 and 50 cents. Seats may be reserved without extra charge at Van Buren's

"HUMAN HEARTS"

With all the hue and cry about the im-

morality of the stage, certain plays of the type of The Old Homestead, Shore Acres, "Human Hearts," etc. continue to grow in popularity. Instead of receiving adverse criticisms from the pulpit, the management of "Human Hearts" continually receives letters from the leading clergymen throughout the country, praising it for its heart interest and the beautiful moral story it tells, making an evening well spent for all who see it. The old adage that "a good man should marry none but a good woman," was never more truly illustrated in fiction than in "Human Hearts." No dramatic author has ever given to the stage a more idyllic character than Tom Logan, a big, whole-souled son of the soil, one of "nature's own nobleman" who has fallen into the snare of a city adventuress and is only saved from ruin and destruction through the prayers of a loving mother, a little child, and the love of a pure, innocent girl, the sweetheart of his boyhood days. "Human Hearts" will be the attraction at Steward's opera house Tuesday, March 6.

BIG CONTRACT IN BRAZIL

(Scripps News Association)

New York, Mar. 1.—The Rio Janeiro Tramway, Light and Power company, in which New Yorkers are considerably interested, has placed contracts here for the initial equipment of a 100,000 horsepower hydro-electric plant to be built about 85 miles from Rio Janeiro for generating electric energy to be transmitted to the Brazilian capital. The plant is to be equipped with machinery capable of developing 40,000 horsepower. It is the most important order ever awarded in this country for electrical equipment to be shipped to South America, the Germans and British having hitherto executed almost all the big electrical work in that part of the world.

SON KILLS INSANE FATHER

(Scripps News Association)

Ogden, Utah, Feb. 28.—Early this morning Joseph Checketta, aged fifty, in a fit of insanity tried to cut his wife's throat. Fearing that his father would be successful in his attempt and to save his mother's life, young Checketta shot and killed his father. He surrendered himself to the authorities.

Before recess they listened to an excellent George Washington program by the primary grades, consisting of recitations, acrostics, class songs and solos. The little folks did well and were heartily cheered. The visitors then repaired to the High School room where section No. 1 of the High School Literary Society gave the following program:

A Creeping Death.

Blood poison creeps up toward the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucken's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores 25c at Newlin's Drug Store.
