You will surely make a mistake if you do not take some stock in the mines of the Aurelia Mining company, before another raise.

THE PRICE of stock will be advanced from 7 1/2 to 10 on April 1. From last reports the mine is producing ore every day, and will ship ore this summer. Investigate and see.

AURELIA MINING CO.

WHAT TO EAT?

Is the question that perplexes the housewife these days. Call at our store and select a menu from our choice line of canned goods. Or, better yet, we have on hand vegetables and other delicacies that will relieve the monotony of the usual spring menu. Remember, our delivery is at your service whether the order is large or small.

MILK TALK No. 2.

CLEANLINESS

As milk is the natural food for the young, containing within itself all the requirements of the body, and as any adulteration is injurious to the system, (either from absorption or otherwise) therefore the health of the consumer, and especially, the young, depend to a great extent upon those who handle the milk. And as there are so many ways in handling the cow as well as the milk after being drawn from the cow. Every consumer should visit the place from whence he gets his milk (no matter if it is surrounded by a high board fence) and see how the cow and the milk are handled before using it as a food for the baby.

LA GRANDE SCHOOL OF MUSIC

PROF. DAY, PRINCIPAL.
MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 2 to 5. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.
Opposite the Foley House over the candy store. Phone. 473.

LODGE DIRECTORY

EAGLES—La Grande Aerie. 259 F. O. E. meets every Friday night in Redmen Hall, Lewis Building at 8 p. m. Visiting brethren invited to attend.

POINTS ON WATER QUESTION

Continued from page 1

will say that his villification is condemned by the staunchest supporters of the Springs Proposition.

Granting that the springs have a flow of 150,000 gallons of water a day, it is still insufficient for La Grande. The most feasible and desirable water supply for La Grande is Beaver creek, from which, through an 8 inch pipe, a discharge of 800,000 gallons a day can be obtained for about \$50,000.00, the interest on which will not amount to as much as you pay for fuel to run your pumps.

It is endeavored by every means to make the people believe that our consumption is only about 60,000 to 70,000 gallons a day, claiming that the pumps, represented by these makers to throw 800,000 gallons a day, will only throw 25% of their tested capacity, and that they are only run 8 hours a day.

The city's bills for pumping show different, else you are paying for more pumping than you get, and the actual measurements on the reservoir (which by the way were not denied) show that we are using about what the pumps should be throwing.

I could abuse the water superintendent as well as he could me, but abuse isn't argument, and accomplishes nothing.

Respectfully

CLYDE R. SEITZ, C. E.

GOOD WATER A NECESSITY

Editor OBSERVER:—

I desire to reply to the "Another Water Article" signed by Clyde R. Seitz. I can't believe and do not believe that any other person who visited these springs during the last summer agrees with Mr. Seitz. I visited these springs last September, just at the time the power house was on the Mill Canyon road. I measured the flow with a five gallon can. At the Falk spring, it took six seconds to fill the same. I am satisfied that H. C. Gilman's statements regarding the flow of this spring is correct, besides the water is clear, cold and wholesome and a regular health producer. Besides there is the city council, tax payers and successful business men, and credit is due them that they investigated the springs, certainly without selfish motives except that they wanted pure drinking water themselves as well as the rest of the people, besides it is a self paying business. I believe four-fifths of the votes will be cast in favor of bonds to get pure spring water. There is no danger that the council will throw the money away. If the council can't buy these springs at a reasonable figure they don't have too. I can only see at present three parties who are benefited by poor water, the doctors, the drugstores and the undertakers, and they are too fair minded to see their neighbors killed off.

All rich people claim that health is above money, and the poor man has nothing but his health, and we all know that pure air, water and food are the great features to health. There is another business that loses by really good water, that is the brewery, because people drink less beer. But we need not worry about him, he is too broad minded.

J. L. MARS.

WATER LITIGATION.

Editor OBSERVER:—

Since the water question has arisen there seems to be current a report that litigation once arose wherein what is known as "Old Town" won out in the title to Mill Creek, and I have been asked a number of times as to its correctness. There never was such suits in the courts. In 1889 Curtis brought suit against the La Grande Water Co. (composed of the McConnel's) as to the latter's right to divert about all of said stream, but the latter won in both the Circuit and Supreme courts. See 20 Oregon Report P. 50.

C. H. FOW, Attorney for Defendant.

Over-Burdened Women.

Many a man seeks his wife and endures a burden that strains the back and the heart alike, without any idea of the cause. Children follow in too quick succession to allow the mother time to recuperate. The womanly organs become displaced, there are debilitating, disagreeable drains, with the added pain of inflamed or ulcerated parts. In this condition the woman bravely tries to carry her household load, afraid to take the rest she needs, lest a meal will be late. No wonder she is pale, weak, wretched, surly of temper and snappish of tongue. She would be false to nature if she were anything else. No person need help so much as the class of whom this woman is the type. And for such women no help is so sure, so wonderful, as that given by Dr. Pierce's Favorite Prescription. It restores all the womanly organs to perfect health. It establishes regularity in their functions. It restores the strained and shattered nervous system. It clears up the complexion, rounds out the form and makes life a daily happiness. "Favorite Prescription" contains no alcohol or whiskey. It is the best medicine for women. Nothing can be "just as good" as the best. Tell the dealer so if he offers a substitute.

"I wrote to you in 1902 about my case," writes Mrs. Ella W. Robinson, of Nuttville, La. "I was then in a bad condition, and your reply was that I probably inherited the trouble from my mother, and you prescribed Dr. Pierce's Favorite Prescription. About that time I had an attack of fever and was sick for quite a while, so failed to get your Prescription. In December following I was married and then my husband bought me two bottles of Dr. Pierce's Favorite Prescription. Before I began to take it I had bearing-down pains at monthly periods, also dizzy spells. After I had taken one bottle I felt better and had no more pains. After taking the second bottle I felt better than ever in my life, and in September gave birth to a twelve-pound baby girl. I am very thankful for your good medicine, and shall tell my friends what it did for me, and shall recommend it to all who are afflicted. We think it the best medicine in the world."

Not only the Original but the best Little Liver Pills, first put up over 40 years ago, by old Dr. J. C. Ayer, have been much imitated but never equaled, as thousands attest. They're purely vegetable, being made up of concentrated and refined medicinal principles, extracted from the roots of American plants. Do not grip, one or two for stomach corrective, three or four for cathartic.
