REGISTERED VOTE BY PRECINCTS

These figures were tabulated on March 10, and show the registered vote of the county by precinct as received at the office of the county clerk and show the political complexion of the county. This will undoubtedly be of interesting reading. About one half of the voters have registered and if this proportion continues, the Republican plurality in this county will be between 900 and 1000. It is quite possible however that so far the Republicans have had more incentive to register than the Democrats and the Republican plurality may prove to be some where between 600 and 700.

The column marked miscellaneous (M) is made up of those who refused to designate their politics and others as Populist and Non-partisan.

Table with 6 columns: Precincts, Reg., R., D., S., P. M.
Precincts: Antelope, Alicial, Big Creek, Cove, Camp Carson, North Elgin, South Elgin, Hilgard, Imbler, Island City, Kamela, La Grande, Perry, Summerville, Starkey, Union No. 1, Union No. 2.
Totals: 1914 1150 654 68 21 41

FOR SALE—A two acre tract with ample water right. One acre in fruit, four room house with pantry and gallar barn and other improvements. Cheap if sold at once. No agent's commission paid. Inquire at this office.

READY FOR ANY EMERGENCY

(Scripps News Association)
Peking, Mar. 12.—The American Legation in this city is prepared for any emergency and the reports of serious anti-foreign riots in various parts of China have no terrors for the members of the Legation, who live within their fortified enclosure as in a city by themselves. The last preparations have been completed, and if it should become necessary, the Legation will be able to stand a long siege. The American Legation in this city is a regular fortress and is the first official residence owned by the American government in any foreign country.

The buildings were constructed by Sydney W. Mees, assistant supervising architect of the Treasury Department, who was sent to China after the Boxer troubles, more than three years ago, for the purpose of building a safe retreat for the members of the American Legation. He completed his task recently and returned to the United States.

The buildings are of brick and stone and of very solid construction. The largest building is for the use of the Minister. Surrounding it are buildings for the secretaries, the chancery building and a number of smaller structures. They are all built closely together and are surrounded by a formidable wall of masonry. A short distance back of the wall on one side is the great city wall on which has been constructed an American fort, equipped with small guns. The American Legation is now as well protected as any of the other legations. In case of emergency the American residents in Peking could find refuge in the legation quarters. The present garrison of the American fort is not very strong, but should it become necessary, there are enough troops available in Manila and two transports are in the harbor of Manila, ready to bring a strong force of American soldiers to Peking in case of trouble.

WILL DIP AND KILL FOR MANGE

Pendleton, Mar. 12.—At the Umatilla agency a council of the Indians will be held today for the purpose of taking action towards the horses afflicted with mange.

In speaking of the matter yesterday Major Edwards, agent at the reservation, said a strong effort will be made to blot out the mange from the reservation. All animals that are not too badly affected with the disease will be dipped, while the hopeless cases will be shot. The federal inspectors are taking the matter in hand, and when the big round-up of horses occurs this spring the animals afflicted with mange will be treated as above mentioned.

CROWDS CONTINUE TO FLOCK TO SEE DR. WARD

The Great American Specialists

Nowadays the successful man is the one who makes a specialty in his line of business or profession. He learns by experience how to do one thing well, how to do better than any one else.

People who want a house built go to a carpenter, not a blacksmith. People requiring surgical treatment go to a surgeon and not a regular doctor. When a man has typhoid fever he goes to a regular doctor and not a surgeon.

In medical practice, the doctor who devotes his life to some specialty is the one who succeeds.

Dr. Ward

has for over 20 years treated all forms of chronic diseases. Now is the time to commence, delays are dangerous. He treats chronic diseases only.

A Creeping Death.

Blood poison creeps up toward the heart causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores 25c at Newlin's Drug Store.

A Mother Testifies

This is to certify that my daughter was down for almost one year with a cold. The doctors finally pronounced it consumption. We had given up hope for her recovery. I was given a sample bottle of Foley's Honey and Tar. I gave it all to her in about three hours. It stopped the cough, and gave her rest. I sent next day and bought a 50c. bottle and began giving it. In three month's time she was well. There can not be too much said in favor of Foley's Honey and Tar. It saved my child's life.
