A MODERN MIRACLE

"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. R. Hooper, Woodford, Tenn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched by her bed-side forty-eight hours; when, at my urgent request Dr. King's New Discovery was given her, and with the astonishing result that coughing began, and continued until she finally completely recovered, and is a healthy woman today." 50c and \$1.00 at NEWLIN DRUG CO. GOODING MAKES A STATEMENT

To dispel the idea entertained in many quarters that the prosecution of the men now confined in jail for the murder of Governor Steunberg is a conspiracy hatched by certain moneyed interests, Governor Gooding has issued a letter in which he says that the prosecution is being carried on legitimately without favor, and detectives employed are paid their expenses and usual fees but are not working for any promised reward.
As to the confession secured from Orchard, the letter states Detective McParland visited him and informed him who he was and asked him to tell the truth about the matter. No promise of any character was made, and Orchard fully expects to pay the penalty of the crime to which he has confessed. The letter continues: "He told a story of the conspiracy and murder against ex-Governor Steunberg, so revolting in every detail as to almost be unbelievable. He gave descriptions of other crimes, in which he had been interested, or of which he had heard, and from these descriptions and other data furnished by Orchard, the state was enabled to gather a mass of evidence so strong that I was compelled by my oath of office and by my feelings as a man and a citizen to ask the arrest and extradition of Moyer, Haywood, and Pettibone."
It further stated that the confession from Adams was secured in the same manner, no hope of immunity being held out to him. Governor Gooding emphatically states the accused will have a fair and impartial trial.

WHITNEY RECOMMENDED
J. R. Whitney, candidate for renomination to the office of state printer, is a man worthy of the office for which he aspires, and inasmuch as his predecessors have been given two terms in the state printing office we can see no reason why Mr. Whitney should not be renominated at the primary election. His work has given universal satisfaction in all cases and the affairs of the office have been conducted as economically during his term of office as they have ever been or probably ever will be under the present system. We believe that the people of this state owe the position to Mr. Whitney, and the Appeal recommends him to the Republican voters of this section for their careful consideration.—Silverton Appeal.

WORST IN FORTY YEARS
For this time of the year, this has been the most severe weather in this county since 1866, when the thermometer on the 10th of this month registered 10 below zero and the snow fall was in excess of two feet. Such was the remark made today by Mr. A. C. Huntington of this city, who distinctly recalls the occasion. If kind nature waits another forty years before breaking another record, well and good.
