## PRICES ON HAY SOARING

In Vale yesterday between the hours of 9 in the morning and 2 o'clock in the afternoon the price of hay jumped from \$60 to \$80 a ton, according to B. R. Robinson, general bridge and timber inspector for the Oregon Railway & Navigation company, who is in Baker City today on his way from the interior to La Grande. The sheepmen and stockmen of Malheur county are in dire distress, the railroad man says, and at \$80 a ton they are unable to secure the hay which is necessary to save the lives of their stock.

Mr. Robinson was in Vale visiting his uncle, George Vanderhoff. Mr. Vanderhoff, he says, has about ten tons of hay which he was offered \$70 a ton for yesterday noon but which price he was compelled to refuse as the fodder is necessary for the use of his own horses. In all parts of the county are people with from 3000 to 4000 head of sheep and no hay to feed them. There are also large hands upon the range, where they were turned during the warm weather, and these in no way can be saved. He estimates that from 20 to 25 per cent of the livestock of the county will be lost as a result of the present storm. The storm was not quite so severe in Malheur county in the matter of snow as it was here, there being but 10 inches, but the weather has been colder. Tuesday morning the thermometer dropped to 18 degrees below zero and yesterday morning it was 11 degrees below.

Two of the heaviest losers, according to Mr. Robinson, will be Mr. Harkness and J. V. Hansbury. Harkness had a band of 3000 sheep on the range when the storm broke and Hansbury had between 6000 and 7000 head of sheep on the desert towards Red Butte. Neither of these sheepmen were able to get their flocks under cover and their efforts to purchase hay are unavailing.

There is not a ton of hay to be bought at any price above Vale, Mr. Robinson says, and although it is but 16 miles to Ontario hay cannot be hauled in. The roads are in such a condition with mud and snow that a span of horses would be unable to haul more than 1000 pounds over them.—Baker City Herald.

### SUDDEN DEATH

Mrs. O'Neil was in excellent health until a few days ago, when she was taken ill, and expired suddenly.

Mr. Kelley will leave with her remains on the belated west bound train of today. Both Mr. O'Neil and Mrs. Kelley have the sympathy of the entire community in their great bereavement.

### MR. GALLOWAY'S PLATFORM

Mr. J. T. Galloway, who is a republican aspirant for the office of county commissioner is having his petition circulated in this city. His platform outlined is as follows: "I will endeavor to finance the affairs of the county in the interest of the taxpayers, giving due consideration to the necessary construction and improvement of roads and bridges. Will give a square deal to all and will endeavor to reduce the county indebtedness as fast as practicable."

## SORES-ULCERS THE BLOOD DISEASED -SYSTEM DISORDERED

When a Sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause. The blood absorbing the waste matters becomes steeped in poison which finds an outlet through the Sore or Ulcer, keeping it inflamed, painful and festering. As the blood constantly discharges its poison into these places, they eat deeper into the surrounding flesh and tissues, growing larger and more offensive in spite of all the sufferer can do, until the entire health is affected. Washes, salves, powders and such treatment are desirable for the reason that they are cleansing and also help to relieve the pain, but they are in no way curative. The blood is filled with poison, and until it is removed the sore cannot heal. S. S. S. is the only cure for these evidences of impure blood. It goes down to the root of the trouble and cleanses the circulation of all poisons and impurities. S. S. S. enriches the blood and reinvigorates the different members of the body so that the impurities and waste matters can pass off as is normal, and the place heals permanently. ok on Sores and Ulcers and any medical advice you need without charge
