MILK TALK No. 2.

## **CLEANLINESS**

THE AND IN SECTION SECTION

As milk is the natural food for the young, containing within itself all the reguirentents of the body, and as any adulteration is injurious to the system, (either from absorption or otherwise) therefore the health of the consumer, and especially, the young, depend to a great extent upon those who handle the milk. And as there are so many ways in handling the cow as well as the milk after being drawn from the cow. Every consumer should visit the place from whence he gets his milk (no matter if it is surrounded by a high board fence) w the cow and the milk are handled before using it as a food for the baby.

## **AMUSEMENTS**

shown by the applause.

The bill last night was "The Black Hand," a stirring four-act melodrama. The scene is in the mountains of Kentucky and the plot hinges around a family feud of mady years' standing and an outlaw organization known as the Black Hand. The play was well presented by Mr. Tayof the best that has ever been seen here. There is sufficient comedy in the produc-Cobb is a success, while David Williams stutter, was also ciever. There is n poor member in the company.

Sometimes the statement runs; "I was given up by four doctors," showing a desperate effort to find relief in local practitioners. But however the story begins, it almost invariably ends with the statement, "I am perfectly cured by Dr. Pierce's Golden Medical Discovery."
Persons suffering from "weak" lungs, hemorrhages, deep-seated cough, emaciation and weakness, have been restored to perfect health by the "Discovery."

The philosophy of the cures effected by this marvelous medicine is not hard to understand. Life is sustained by food, digested and assimilated. The basis of health is a good appetite and a sound digestion. In almost all cases of disease loss of appetite is an early symptom, and this is promptly followed by a wasting of the flesh. For some cause the food eaten is not being converted into nutrition and the body and its organs, being starved, must grow weak. "Some of my greatest successes have been in this line. One of my earliest cases was a little boy of four, at Macon. He was trudging along the dusty road with his destitute mother. Taking the little fellow up, I began fumbling along the spine. Some places I found hot, some cold. Going deeper I found rigid and into nutrition and the body and its organs, being starved, must grow weak. There is only one way to get strength and that is by food. Dr. Pierce's Golden Medical Discovery heals diseases of the stomach and allied organs of digestion and nutrition, so enabling the body to assimilate the needed nourishment. Thus various forms of "weakness," socalled, are cured by the "Discovery"—"weak" lungs, "weak" heart, "weak" nerves, "weak" or sluggish liver, etc., because the organs are made strong by food, which is perfectly digested and assimilated after the "Discovery" has healed the diseases of the stomach and associated organs of digestion and nutrition.

PAIN ALL GONE. loose places in the muscles and ligaments of the entire back. while the lower spinal muscles and tissues were in a badly congested condition. I worked for a few minutes on that basis and told the mother to report next day. She came the next morning saying that her child was well. Flux was then prevalent in Macon, where was visiting when this occured. That mother brought other sick children. As near as I can remember. I had seventeen severe cases of flux and gured all without drugs. Other cases of summer and fall diseases I was called to treat and soon found myself burdened with a large prac-

That the Frazer Theatre company, nanaged by K. J. Taylor, will be appreciated during its stay here, was shown by the attendance and applause last night, on the occasion of the company's first appearance here. Although the weather was cold, neverless the theatre was well filled, and that the play was liked was

of doing injury to less positive people, the very emphasis of their affirmation making up for lack of argument and want of evidence. And the worst of all dogmatists are those doctors who, harking back to some old dogma of the s. bools, insist that certain patients are beyond all medical help, because, forsooth, their diseases are beyond the limited medical knowledge of the dogmatist.

"When the physicians had given me up I was cured by the use of Dr. Pierce's Golden Medical Discovery." That statement, varied sometimes in form but identical in fact, is one of the common expressions found in the letters of those cured by "Gossen acclical Discovery." lor's company, which in its class is one tion to keep it from being too weighty. Have you pains in the back, inflamma-

# "I have taken your medicine with the greatest satisfaction," writes Mrs. George Richt, of Lockport Station. Westmoreland Co., Penn'a, and can honestly say Dr. Pierce's Golden Medical Discovery has cured me of a pain in my right inning that the best doctors could not help. My appetite and digestion have improved so that I can cat anything at all, and I feel better than I have for years. Your 'Pavorite Prescription' has cured me of womb trouble that I suffered from for fifteen years, and painful monthly troubles. I can work a whole day and not get tired. My pain is all gone and I feel like a new person. I suffered with headache all the time, but have no headache now since taking your medicine. Your 'Golden Medical Discovery' and 'Favorite Prescription' do all that you claim for them, and more, too. I have been cured of troubles that I suffered from for fifteen years, and the best doctor in the State could not cure me. 'Golden Medical Discovery' cured me of neuralgin that I suffered from for five years, and if my letter can save one other poor sufferer, you can publish it." "ALMOST A MIRAOLE,"

"I took a severe cold which settled in the bronchial tubes," writes Rev. Frank Hay, of Notonville, Jefferson Co., Kansas, "After try medicines labeled "Sure Cure," almost without the try br. Pierce's Gold Medical Discovery. I took two bottles and we Medical Discovery. I took two bottles and was carred, and have stayed cured.

"When I think of the great pain I had to en-dure, and the terrible cough I had, it seems almost a miracle that I was so soon relieved."

PAIN ALL GONE.
