SOCIETY

The Busy Bee club of May Park was charmingly entertained by Mrs. Riddle on the afternoon of March 14.

The chief feature of the afternoon was a discussion on "Woman's Suffrage." Articles were read and original papers were given, both of which were interesting and instructive. Mrs. Hall received a handsome little souvenir for her efforts in producing the best paper on the question. Another feature was a contest that tested every ones ability in remembering prominent faces.

After dainty refreshments the ladies departed declaring this one of the most pleasant afternoons in their series.

GAMBLER SHOT

RESULTS OF COLDS AND LA GRIPPE

From these common diseases many a one has received the wound that will send them to an early grave with consumption, heart, liver or kidney disease, digestive disorders, etc. The contracture of the muscles of the neck and back, always observed in colds and la grippe, brings tension upon the bones to which they are attached, notably the ribs and spinal bones. The gradual but steady pull, draws them from their position, causing them to press upon the nerves emanating from the spinal cord between them. The organs supplied by these nerves are deranged.

Thus the foundation of a chronic disease is laid. The headache, lame back, pains between the ribs, (often wrongly ascribed to heart, lungs and liver) are symptoms of these displacements. Is it not wise to have an examination by a competent Osteopath now? A little treatment now will correct what it will take a long time to do when it has become set.

DIED

BEHRENS—In this city Tuesday morning at 6 a. m. Harry, the nine year old son of Mr. and Mrs. Gust Behrens Jr. died.

In every clime its colors are unfurled
Its fame has spread from sea to sea;
Be not surprised if in the other world,
You hear of Rocky Mountain Tea.
