That was a glorious rain, a regular soaker, just the thing to insure good crops.

The Democrats have been scouring every nook in Wallowa and Union counties in the hope of securing a candidate to oppose Mr. Dobbin, but so far they have found none to make the sacrifice for Mr. Dobbin is considered invincible.

Captain Paul, the Socialist standard bearer for congressional honors for this district is a resident of La Grande and is one of the most conscientious and energetic members of the party. He will make a creditable campaign.

The Portland Chamber of Commerce has hit on a unique way of advertising Oregon through the National Education Association. The meeting of this association will be held in San Francisco in July, at which it is probable that from 10,000 to 20,000 educators from throughout the Nation will be in San Francisco. Unless something is done to attract these people to Oregon many of them may return without seeing this state. With this in view the Chamber of Commerce has offered \$5,000 in prizes for the best written articles regarding Oregon and its advantages, which will be published by members of the National Association in newspapers of the Nation outside of Oregon and Washington. A copy of the newspaper having the article will be furnished to the Chamber of Commerce and a board of judges on about the 1st of October will pass upon the most meritorious articles. The first prize is \$1,000 and the smallest prize is \$10, there being 100 prizes in all. Here is a chance for some of our educators who are in close touch with educators of the East to get them interested.

STUDY OF HISTORY

The study of history leads young people to become omnivorous readers, and eventually to cherish the nobler deeds that have made good men and women famous. It inclines girls to emulate the greatest women in those higher virtues and graces that exalt womanhood; and in devious ways it leads boys to become chivalrous, genteel and patriotic, until they learn to frown upon vicious criticisms and evil tendencies that threaten the sanctity of the home and the progress of good government. While history, therefore, enriches the mind and helps to determine the career of young people, a fair knowledge of the subject is absolutely essential to American citizenship with its accumulating responsibilities. Consequently, I would deplore as a calamity any effort to crowd out from our colleges this vastly important subject with substitutions that are magnified on account of the commercialism they offer. Let us have more history and as a result better citizenship to strengthen American men and women and fortify them in the faith they hold in our institutions at a time when the oncoming tide is bringing from every shore an increasing multitude of foreigners, many of whom are steeped and dyed in the venom of dangerous anarchism because they have never known how much history was necessary to make the American Government possible. ADVERTISERS ATTENTION

Next Friday the Observer will issue what it terms a "Candidates edition," and which will contain a writeup of about twenty of the candidates who are before the voters of Union and Wallowa counties. Every registered voter in the two counties will receive a copy of this edition. In all there will be 6,000 copies, which will be an exceptionally fine advertising medium. Those interested will find it to their advantage to call at the office and talk the matter over.

In every clime its colors are unfurled
Its fame has spread from sea to sea;
Be not surprised if in the other world,
You hear of Rocky Mountain Tea.
