NEW A GOOD THING

AND WASN'T ALL DAY ABOUT GETTING IT

"I gave \$475 to a Concern, for just such a piano, in Portland" exclaimed a lady to her friend who was examining one of those largest size, strictly high grade fancy walnut-cased upright pianos at our Introductory Sale yesterday. She was sincere. Probably she did pay \$475 for just such an instrument, although we sold this style of piano for \$425 during the past six months, but now is only \$268. You may be sure that this lady's friend did not leave the store without having selected an instrument.

In high grade-grade pianos we can offer you everything that is most desirable and up-to-date in modern piano-building. In the matter of medium priced pianos, it is sufficient to say that we have a complete assortment. You will find here brand new upright pianos from \$337 down to \$120, all for sale on terms of \$25.00 down and \$10.00 a month.

Is Disease a Crime?

Not very long ago, a popular magazine

published an editorial article in which

the writer asserted, in substance, that all

disease should be regarded as criminal.

Certain it is, that much of the sickness

and suffering of mankind is due to the

violation of certain of Nature's laws.

But to say that all sickness should be

regarded as criminal, must appeal to

every reasonable individual as radically

wrong.

It would be harsh, unsympathetic,

cruel, yes criminal, to condemn the poor,

weak, over-worked housewife who sinks

under the heavy load of household cares

and burdens, and suffers from weak-

nesses, various displacements of pelvic

organs and other derangements peculiar

to her sex.

Frequent bearing of children, with its ex-

acting demands upon the system, coupled

with the care, worry and labor of rearing a

large family, is often the cause of weak-

nesses, derangements and debility which are

aggravated by the many household cares,

and the hard, and never-ending work which
