Attend the primaries on April 20th.

Register and vote at the primaries.

Remember you make or should make the ticket on April 20th.

If the tax payers attend the primaries the county ticket will be composed of the right kind of men. This applies to both parties.

Every registered voter in Union and Walla Walla county will receive a copy of this edition and the Observer wishes it might say something that would cause every voter and taxpayer to realize the importance of registering and attending the primaries. This is a new law and unless the people take an interest there will be an immense pressure to reinstate the old boss system, which will be impossible if the people do their duty. The past system has greatly retarded the growth of Oregon. This is a new era and it is up to the voters to do their own thinking and voting. Think over the opportunity now in your hands and after it is permanently adopted nothing could persuade its abolishment.

Every voter owes it as a duty to himself, his country and his state to register and take part in the primaries. The cry in this state for years has been "down with the bosses." This is the first time the people have had an opportunity to free themselves from the dictation of assumed leaders and unless they now come to the front with their votes, after giving all of the candidates careful consideration, the present law will result in a dismal failure, if it is a failure the people themselves are to blame. If only a few turn out at the primaries it will be found that the present law can be worked much easier than the old system. Voters and Taxpayers especially, don't let the primaries go by default resolve, right now that rain or shine no matter what comes up you will attend the primaries and vote for the best men.

ON WOMAN'S SUFFRAGE

Mr. William M. Ivans, the late Republican candidate for Mayor of New York City, in his speech at the luncheon in honor of the 86th birthday of Susan B. Anthony, said in part:

"I am here today because I believe this to be my place. It is the duty of every man to uphold the hand of every woman in her efforts to redress a great and unspeakable political wrong. How can any man with a heart and a soul and an intellect look his wife or daughter in the face and say that he is entitled to any political right which she does not possess? That man has the soul of a hypocrite who tells you that he believes himself entitled to the ballot for the protection of his life, liberty and prosperity and wishes to deny to his wife, the mother of his children, an equal right in the maintenance of liberty, property and prosperity. Such an attitude of mind is inconceivable to me.

"And if I cannot conceive of the denial of this right by man still less can I understand its denial by woman. Of all inconceivable things on earth, the woman anti-suffragists are the most so. They consider themselves qualified to discuss these questions, but not qualified to cast a ballot. They organize societies to clean our streets and promote good government of all kinds, yet refuse the ballot, which

would enable them to choose servants to do these very things. They prefer privileges to duty. Let them do their duty by the side of men and women and not be so supremely unwomanly as to seek nothing but privileges.

"History has shown us that women are the civilizers of society. They are the beings who make the characters of men, and to assert that they have not the right to vote by the side of men is the absolute negation of reason."
