NOW IS THE TIME

Now is the time to build stone and brick buildings, as the material is now as good as in the summer time and for less money, which is just reversed on material in wooden buildings. But if you do build good wooden buildings I would like to furnish you kiln-dried, straight and clear material for same price or less as you buy so called clear lumber, full of knots, bark and inferior planing, which means short crooks, narrow match and with saw marks remaining and below standard width and thickness. Now it is up to you. The price of the material is just the same or less. Any carpenter knows there is less waste, a labor saving from 10 to 25 per cent, a better job and will last longer.

Building stone and Portland fir lumber a specialty.

COVE MAN IN COUNTY JAIL

Wm. Herbert, of Cove, is lodged in the county jail because of disorderly conduct. Herbert took on a few last Saturday evening and raised so much disturbance that he was arrested and when arraigned before City Recorder Ed Stearns was fined ten dollars. In default of cash he was sentenced to five days in jail. In view of the fact that the city of Cove had not reached the 2000 mark at its last census, it is not entitled to a jail, and consequently the disturber of Cove's peaceful slumbers was brought to La Grande by Marshal Hancock and placed in the county jail.
