THE BEST EVER

Do you desire to look upon something that will make your heart rejoice, expand your soul, and every drop of blood in your veins flow with renewed vigor? If you do, just stop on your way as you pass up Adams Avenue, and look into the windows at the Newlin Drug Company, and view the magnificent, grand and beautiful display of flies, rods, lines and other fishing paraphernalia displayed therein. It is one of the most elaborate beautiful, and choicest ever seen in this city, and could Sir Isaac Walton or Christopher North, see them they would dance with joy.

The flies are most exquisite, the rods superb, and the lines of the finest texture and as the fishing season is here and you look at the truly beautiful display you will imagine you are upon the mountain streams where
The soft breeze through the branches swish
Where the poet strings his lyre
And the liar strings his fish.

NOW IS THE TIME

Now is the time to build stone and brick buildings, as the material is now as good as in the summer time and for less money, which is just reversed on material in wooden buildings. But if you do build good wooden buildings I would like to furnish you kiln-dried, straight and clear material for same price or less as you buy so called clear lumber, full of knots, bark and inferior planing, which means short crooks, narrow match and with saw marks remaining and below standard width and thickness. Now it is up to you. The price of the material is just the same or less. Any carpenter knows there is less waste, a labor saving from 10 to 25 per cent, a better job and will last longer.

Building stone and Portland fir lumber a specialty. J. L. MARS.
