Is so good all the way through, clear to the last half inch, that its smoker is loath to throw even that little bit of fine, free-burning tobacco away. Try a Key West perfecto and you'll know yourself.

Clean up your own alley before you complain about your neighbor's lack of industry. Do your part and the street superintendent will see that the other fellow does his.

Cheer up! the real hot weather is still several days removed. Anyway something may happen which will cause you to take to the tall timber where there is always plenty of shade for shady people.

The homeseekers are passing through the city in train loads. Is Union county doing anything to make these people understand that we are on the map? Better set up and notice things a little.

Now that a splendid arc light has been placed over the fountain it would seem that the lantern of the design of Henry IV time might be removed. The city should also repair the broken cup. The cost would be slight and improvement great.

Primary registrations close on the 10th. There are over 200 voters in the La Grande precincts who have not registered. If they wait to be sworn in on election day the time is so limited that some may not get to vote. It requires so much less time to go to the court house to register than it does to secure six witnesses and find a notary public on primary day. Register now.

The political campaign is on. The nominees have filed their petitions for nominations. Every good man cannot win but all have the opportunity of trying. So far the campaign has been free from mud slinging and it is hoped that it will so continue. Every citizen has the right and privilege to aspire for political positions and it is now the duty of the voters to select those whom they think are best fitted for these positions.

The county court should work in conjunction with the commercial organizations of the county and have prepared and printed a pamphlet descriptive of the resources of this county. Yesterday No. 5 carried 450 tourists. The people are coming to the coast and we should take some steps to let them know that we are on the map. Our county will show for itself but so many do not know that there is a Union county.

The city should weigh carefully the question of an occupation tax which is to be considered by the council next Monday evening. As a rule an occupation tax is only one of the last resorts to increase a city's finances. While La Grande is somewhat in debt we have valuable property to show for it. This tax naturally falls upon the business men, who in addition to the regular property tax are called upon almost daily to subscribe for this or that, either of a public or charitable nature that far exceeds anything that any one realizes unless they know something of the demands that are put up to businessmen.

A MODERN MIRACLE

"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. R. Hooper, Woodford, Tenn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end near that her family had watched her bed-side forty-eight hours; when, on urgent request Dr. King's New Discovery was given her, and with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." 50c and \$1.00 at NEWLIN DRUG Co.
