**HON. C. A. JOHNS**

He was the first to enter the field and the choice of eastern Oregon, and has a continuous residence of seventeen years in Eastern Oregon. Has never held a political office. His county has never had political recognition of any nature. Has been elected seven different times in home town of about 8000 people and has never been defeated there. Has always been fair and just to labor and has the confidence and respect of capital. No man is a better friend to, or has done more for the public schools of this state. As a member of the State School Text Book Commission, and in common with the . . . he assisted in destroying . . . American Book Company . . . the matter of books, is a typical self-made man. Has not, and will not make any secret or private promise or pledge. He is loyal to eastern Oregon and her interests and if elected governor, will see that this portion of the state has a square deal. If elected, will consult and respect the wishes of his friends. Prefers defeat to the sacrifice of official honor.

**HIS APPRECIATION**

**SORES AND ULCERS**  
**TROU LESOME-OFFENSIVE-DANGEROUS**

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into this vital fluid. These accumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated so it cannot heal. Another cause for old sores and ulcers is the poisoning or weakening of the blood from the remains of some constitutional trouble or the effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice without charge.
