LA GRANDE SCHOOL OF MUSIC
PROF. DAY, PRINCIPAL
MRS. DAY, ASSISTANT.

This is one of the best musical institutions in the state, and that people in this city and valley are beginning to discover the advantage of this school. The system is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments: No. 1 is for beginners from 5 years or more and are taught the first three grades. Pupils come one hour each day. This is no kindergarten system but far superior. In No. 2 the grades are from 2 to 5. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

JUDGE ELLIS FOR CONGRESS

From every part of the Second Congressional district comes the pleasant report that Judge W. R. Ellis will have a large majority for the nomination for congress. Not a word has been heard against him and a certain tone of popular but positive expression assures us that the possibilities of his return to congress is very agreeable to the people of this district.

The people of this district were not slow in granting that Judge Ellis was the man best qualified at this time to send to congress. They knew that questions of importance to the state were awaiting action and they want a man of experience to meet the situation. They know that a new man in congress can do little in his first term. He must get acquainted not only with the ways of doing things, but with the other members of congress. It takes many days for him to get on the inside where his influence may be felt and the opportunities to accomplish things for his state may be reached. Judge Ellis is familiar with these things. He steps into congress, if nominated and elected, with three terms of valuable experience at his command and a wide acquaintance in both the lower house and the senate. His riper years of experience in the state; his better acquaintance with the needs of Oregon, and its new possibilities; his wider knowledge of law through six successful years on the bench; the high principles of the man; honesty and integrity; ability to speak well in public and his declared purposes to devote his entire time to the duties of his office, all recommend him as distinguished from all other men of this district for the important office of congressman.—Pendleton Tribune.

CONTAGIOUS BLOOD POISON
THE WORST DISEASE IN THE WORLD
 Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family.
 I contracted Contagious Blood Poison by using a towel used by some infected person and had every symptom of the virus disorder. I tried everything I heard of but the disease got worse until I heard of S. S. S., which I commenced, and continued the treatment until I was entirely well. This was some time ago and I have never seen the slightest sign of the disease since.
