### THE JOLLING HUNCH

When you meet with a fellow who's down  
in the dumps,  
Just jolly him up a little.  
'Twill be an incentive to set up his stumps  
If you'll jolly him up a little.  
A pat on the back and a shake of the hand  
Costs nothing whatever to you, understand,  
And maybe 'twill stock up his nerve and  
his sand.  
If you'll jolly him up a little.  
Don't scuff at the fellow who tells you  
his woe,  
But jolly him up a little.  
Surprising it is how his courage will grow,  
If you'll jolly him up a little!  
A cheery "Hang on; you will get there,  
old man,"  
Will clear up a sky which the somber  
clouds span.  
If you want to assist such a fellow, you  
can,—  
Just jolly him up a little.  
What obstacles all of us easily climb  
By being jollied a little.  
We're ready to tackle tough jobs every  
time,  
If first we're jollied a little.  
So echo your cheery, glad message today,  
Where hearts all discouraged and purposeless  
stray,  
For nothing will lighten the darkest path-  
way,  
Like being jollied up a little.

### YOUR CASE AND OSTEOPATHY

You say, "I can see how Osteopathy can cure some things, but I do not see how it can help me."

As usual you have never thought of a cause for your trouble. With slight displacement of ligaments, muscles and bones, especially of the spine and ribs, with the nerve and blood supply disturbed thereby, any form of disease may result, depending on the nature of the interference.

The Osteopath can remove this cause in one disease as well as another. The cure then depends on Nature's power to repair the damage.

All curable diseases, acute and chronic, have been cured by Osteopathy. The following is a partial list in which marked success has been attained: Tonsillitis, dyspepsia, constipation, diarrhoea, dysentery, arpendicitis, ascitis, gall stones, cystitis, enlarged prostate, "gravel", anaemia, goitre, dropsy, la grippe, croup, bronchitis, asthma, hay fever, pneumonia, pleurisy, malaria, typhoid and all fevers, measles, erysipelas, paralysis, epilepsy, neuralgia, sciatica, nervous prostration, eczema, St. Vitus dance, spinal curvature, impotency of men, milkleg, female diseases and rheumatism (in worst forms); many forms of heart disease, diabetes, Bright's disease, consumption (except in far advanced cases) and eye troubles.
