

Chamberlain's Cough Remedy

A Safe Medicine for Children.

In buying a cough medicine for children, never be afraid to buy CHAMBERLAIN'S COUGH REMEDY. There is no danger from it, and relief is always sure to follow. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine in the world for these diseases. It is not only a certain cure for croup, but, when given as soon as the croupy cough appears, will prevent the attack. Whooping cough is not dangerous when this remedy is given as directed. It contains no opium or other harmful drugs, and may be given as confidently to a baby as to an adult.

No Case of Pneumonia on Record

There is no case on record of a cold resulting in Pneumonia, or other serious lung trouble, after

FOLEY'S HONEY and TAR

had been taken. It stops the cough and heals the lungs and prevents serious results from a cold.

Do not take chances on a cold wearing away or experiment with some unknown preparation that costs you the same as Foley's Honey and Tar.

Remember the name and get the genuine.

A Severe Cold for Three Months.

The following letter from A. J. Nussbaum, of Batesville, Ind., tells its own story: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me."

Three sizes—25c, 50c, \$1.00. The 50 cent size contains two and one-half times as much as the small size and the \$1.00 bottle almost six times as much.
