BOOSTERS WIN AGAIN

Last Sunday saw the second successive game won by Walla Walla from Athena. The score was six to three and according to the Walla Walla Union it all happened because Tempany, the first base man, carried his lucky rabbit foot.

SUNDAY SCHOOL ATHLETIC CLUB
What promises to be something real interesting in the way of athletics received its first impetus last night, by the earnest endeavor of Rev. Meredith. The meeting last night was called to organize a Sunday School Athletic Club and was well attended and many plans suggested as to the best way to carry out the schedule of meets. It is very likely that several dual meets will be held, and it is also planned that a big triangular or four cornered meet be held in this city and to invite the Sunday Schools in the valley to send representatives here. The age limit for the junior class is sixteen years. Letters will be sent to the surrounding cities at once in an attempt to find out how the proposition will be taken by other schools. Arnold Meyers was chosen captain, and the new captain is to have his squad of candidates out tonight, and with the assistance of Rev. Meredith and others, will get a line on the boys. The club has not adopted a name as yet, but will do so at its next meeting. The club is anxious to arrange dates with other similar societies.

AMERICAN ATHLETES SAFE

The American Olympic team is at Athens waiting for transportation overland. The accident reported a few days ago was not as serious as at first thought. Two or three were all that suffered injuries. Mitchell, the weight man, suffered the most in having his shoulder dislocated. The whole squad is practicing its several stunts while waiting at Athens. With these two exceptions the team is in first class condition.

POLITICAL SERMON OF O. K. KING

Wrong notions are held by many, both as to politics and religion. Some dear people are shocked because a preacher becomes interested in politics.

The science of government, the conduct of the state is a worthy field for our best people.

Religion is not something for one day but for seven. Christianity is not merely services, it is also service. Christ in the Christian serving mankind.

The American citizen occupies a high position, with sacred rights and responsibilities.

In Oregon we are rich in our Australian Ballot, Initiative and Referendum and Direct Primary. This evening I speak especially of the Primary, the Candidates and the Election.

Under the direct primary the people nominate.

The party boss loses much of his power. The bad candidate has much less chance. Farming out nominations
