SOME SIGNIFICANT STATISTICS

Statistics from the great Piano Trade authority, The "Musical Courier" show that the Eilers Houses now handle one half the Pianos sold on the Pacific Coast. Nearly two score of America's factories vie with each other to supply our tremendous trade. These factories know that the Eilers Houses take a permanent interest in every instrument sold. They realize that the Eilers Houses tolerate no poor workmanship, or inferior product. They know that every Piano must stand the rigid test of our warranty. We can boast therefore, of having the very finest line of instruments of any retail dealers the World and this line is fully represented in our La Grande stock. Remember that the sale will not always last. We have an elegant assortment from which to select. Come in and have a little heart-to-heart talk with us and just see what we will do for you. AMUSEMENTS

BETTER THAN EVER

Mr. Ben Hendricks, the favorite Swedish dialect comedian and Northland singer comes to Steward's opera house, Monday April 23. He will present his new play "Ole Olson." The story of "Ole" unfolds a plot of intrigue, love and comedy situations. The play is a clean, refined and gentle type and in the role of "Ole" Mr. Hendricks finds a character entirely suited to his peculiar style and one which affords him ample opportunity to display his superior ability as a vocalist and a comedian, and his interpretation of the young Swedish emigrant is the best work which the talented star has ever done. Mr. Hendricks' songs always have a strange sweetness. Much it is the melody, but nevertheless, it is there and the audience we are sure will not be slow to attest their appreciation. This season Mr. Hendricks will sing six new songs which have become very popular.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.
