

ENGINEERS WANTED

Grant Keys of this city, has received a letter from the assistant chief of the Panama Canal construction department at Washington, stating that they are in need of dredge engineers, with American experience, also men with experience in small electrical refrigerating plants, also locomotive engineers. The latter are receiving \$180 per month.

The instructions state that a rigid physical examination will be necessary. Those crippled or suffering from chronic diseases or otherwise incapacitated will not be appointed.

UNION COUNTY

Union County presents to the home seeker a greater number of diversified industries than any county in the state, out side of Multnomah county which is practically Portland.

I do not believe that there is another county in the Inland Empire that can show fourteen different industries whose total annual revenue produces an average of \$193,000.00 cash.

The annual report of the State labor Commissioner, places Union County third in the state, in the employment of labor.

It requires 194 solid trains of fourty cars each to carry the produce of our county to the market, more than a train every other day throughout the year.

"An admirable climate." The past winter only for a few hours did the mercury reach zero. No excessive heat in the summer and our cool refreshing nights cannot be appreciated by the residents of the east until they are permitted to enjoy them.

Our soil is rich and productive. I do not mention yields they would not be believed. The only way to become acquainted with this "Garden of Eden" is to personally visit this land of diversity, as when you see the crops growing and harvested they speak for themselves.

Our forests will require many many decades of the present activity before they begin to yield and we now have thirty or more saw mills which give employment the year round in the mills and logging camps.

The only sugar beet factory in the state is located at La Grande, the County Seat of Union County with a population of 5,000, progressive wide awake people who extend the glad hand to all. This is the commercial, educational and social center of the county.

La Grande is known as the railroad town of the O. R. & N. Co. whose annual payroll at this place exceeds \$300,000.00. From here the branch road is now pushing through the northern part of this county, on into the Wallawalla County, starts a freight division, machine shops, round houses, and one of the largest railroad yards on the system, and train dispatchers office. The public schools of La Grande are second to none in cities of this size in this state. We now have three buildings and a fourth, an eight room brick building in course of construction, giving employment to twenty-two teachers. The principal office of the Grande Ronde Electric Co. is located in this city. This Company furnishes power and light for the city of La Grande, Island City, Cove, Union, and the Hot Lake Sanatorium.

S.S.S. THE STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted, run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and bark, selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues, as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized standard.
